Head of the Lifeline

Sean O'Brien - President

I am going to guess that all of you have skipped ahead in this issue to read all about this year's trips and the details of mail-in sign-up. You have now come back to read this article as an afterthought.

This is at it should be, because this month you get the opportunity to sign up for the ski trip(s) of your choice. All the TC's and ATC's have worked their tails off to provide great trips for you all. I have no doubt that you will have a great time on any of the trips that are being provided. Let me reiterate Sue Bohnert's admonition - you need to read the instructions for the mail-in sign-up carefully so that you will not be denied your trip on a technicality.

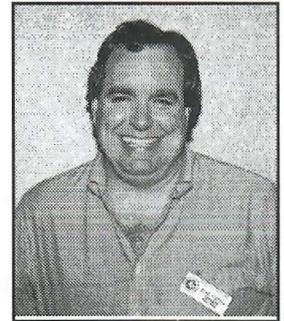

Please note that the TSC Summer Expedition Trip to Costa Rica in July 2003 is not part of the Ski Trip Mail-in Sign-up. As a non-ski activity, this trip will be overseen by VP-Programs, Dawn Rodriguez. The price for this trip and details will be announced in the next couple of months, at which time sign-up for this unique trip will begin.

Nancy Sarff and Peggy Montgomery will be filling the two vacant seats on the Board of Directors this year. Not only are these ladies fulfilling a role on the board, they have taken on additional responsibilities as well. Peggy is running two club activities (TSC Summer Meltdown and a cooking class) and Nancy is running the Sunshine Kids Auction. You go girls!!!!

Next month we will begin having our monthly General Meetings at the Holiday Inn. Please note that this year **there will be a \$2.00 parking fee** for the garage. Parking at the Red Cross lot next door, or on any of the side streets, will be free. We were disappointed by this change and Dawn spent many hours looking at alternatives. Her research discovered that most other locations would be far more expensive for our club. Therefore, our meetings will continue to be held at the Holiday Inn Select for 2002-2003.

Why should everyone sign up for a ski trip this month? In many ways, skiing is better than sex. Here are some reasons why.

10. Choice of day or night
9. You pay just once to go up and down all day
8. Skis are always hard
7. You have your choice of expert or beginner
6. You always get picked up in the lifeline
5. Lubricant lasts for days
4. Vertical is better than horizontal
3. You can ride more than 2 mounds at a time
2. Lessons are available
1. Abundance of virgin territory.

"... this month you get the opportunity to sign up for the ski trip(s) of your choice."

Dawn Rodriguez, VP-Programs

“... summer days are coming to an end ...”

The summer days are coming to an end and fall is right around the corner, which means snow, snow and more snow. At this time of year the thought of skiing down the slopes, frolicking in the snow and even throwing snowballs is a temporary escape from the heat. Especially when you have to get into your car after it has been sitting in the blazing sun for several hours. An ode to “The glamour of residing in Houston with a love and passion of skiing in the snow.” That is why we have SCSC to “Make that dream come true,” bringing us closer to the snow while giving us many options from which to choose throughout the year.

Make sure and help yourself to some “fun in the

sun” at the Seabrook Beach Club on Friday, August 16 with Cindy Moore as Activity Coordinator and Cheryl Esposito as Assistant Activity Coordinator.

Follow that with additional activities coordinated by Peggy Montgomery. The “Summer Meltdown” @ Lake Travis on September 6-8 accompanied by a scrumptious Cooking Class on September 22 to help you get a jump-start on Holiday appetizers.

Do not forget, in the midst of all of this, our first General Meeting of the season is on Monday, September 9. You are sure to have a great time with all the trips and activities from which to choose. There are so many other things to spice up your life, you are sure to book your calendar for the next year.

Fellow TSC Alternate Rep **Sharon Smith** and I attended the quarterly **TEXAS SKI COUNCIL ("TSC") DELEGATES MEETING in Dallas on June 8, 2002** on behalf of **SPACE CITY** and were quite impressed with the large turnout at this meeting and buzz of excitement as the agenda progressed. Not only is the TSC Board working very hard to put on a slate of excellent ski trips for us this year, but is also working towards helping all our clubs increase membership, improve trip leader and officer training, and offering closer interaction with member clubs across Texas. **TSC President James Mershon** is conducting open forums this year in conjunction with quarterly Delegate Meetings, which provide excellent opportunities for club delegates to discuss perceptions, concerns, and program successes. A **new on-line newsletter** is now posted on the TSC web-site giving updates on the Council's events and operations as well as from a marketing perspective on trips and skier benefits. You can access ***Inside the Texas Ski Council*** by going to: www.texas-ski.org. The web-site also contains a listing of TSC Member Clubs, TSC Trip Destinations, NASTAR race results, ski industry partners, and a photo gallery from prior TSC Trips where you may even find yourself captured in a photo memory!

experience by offering a wealth of opportunities to greet and mingle with new and old friends from all over Texas at TSC Welcome Parties, NASTAR race competitions between our clubs, mountain barbecues or picnics, apres ski hours, midweek parties, and the grand finale event of the week, the Final Awards Dinner and Party.

The TSC is focusing this year to **"bring the Texas Ski Council to your club."** In addition to training opportunities, the Council is bringing a wider and more attractive range of activities to our clubs. A **TSC SUMMER MELTDOWN** is now scheduled for September 6-8 where 150 club members from all over the state will converge upon **Lake Travis** for a weekend full of activities, including leadership training, a welcome party, team games & competitions, golfing, and on Saturday night a dinner and dance with DJ. As of this writing, Space City has reserved condos for 32 participants and the activity is filling quickly, so if you'd like to check availability, call Peggy Montgomery at (281) 437-5467. In June 2003, the TSC will bring us quite a unique opportunity with the **TSC SUMMER EXPEDITION TO COSTA RICA!** **SCSC VP of Programs Dawn Rodriguez** has already begun preparations to get Space City on board with this event, so watch your monthly Sitzmarke for further details. Space City has a strong presence again on this year's TSC Board. **Gary Butler** takes over the reins in his new position as TSC VP of Marketing, and elected for a second term in their same positions are **Jeff Sarff** as TSC Treasurer, **Susan Blome** as TSC Secretary, and **Kayleen Kill** as TSC VP of Final Showdown. Just recently appointed as TSC Race Director is SCSC's past VP of Membership/ Race Director/TC/AC (*and my own personal favorite*), **Ted Bergeron**, who was coaxed out of "race director retirement" by the TSC Board to head up this year's Race Committee.

Check out Space City's 2002-03 Ski Trip Schedule in this Sitzmarke, brought to you by our creative and hard-working trips team, **VP of Trips Sue Bohnert**, **DOTs Christine March and Barbara Brescian**, and their entire crew of **2002-03 Trip Leaders**. Here you will find five TSC Trips to exciting destinations including **TSC Fall Roundup to Breckenridge** for Thanksgiving, **TSC Traditional to Whistler** in early January, **TSC Winter Expedition to Lillehammer (Norway)** in late January, **TSC Winter Shoot-out to Jackson Hole** in February, and **TSC Final Showdown to Quebec** in March. In addition to Space City's great schedule of parties and activities you'll find on all our trips, TSC Trips expand your vacation

“Early Mail-In Sign-Up Has Arrived ...”

Beep..de..Beep..Beep—INCOMING MESSAGE FROM THE BIG GIANT HEAD (VP-Trips)

While most of you have been enjoying the sun and fun of summer, the TCs and ATCs have been working diligently to get their trips arranged and the budgets approved. We have worked very hard this year to keep the trip prices reasonable even though the airlines and resort prices continue to increase. Each trip team is designing a complete travel experience...come to the September 9th meeting and see for yourself!

EARLY MAIL-IN SIGN-UP HAS ARRIVED...PLEASE READ THE SIGN-UP FORM AND “THE ART OF MAIL-IN SIGN-UP” (Back of Insert) CAREFULLY.

We would hate for you to miss your favorite ski trip due to a technicality. Remember that the trip deposit amount has changed—\$150 (\$300 for Lillehammer) and make your checks payable to SCSC.

Be sure to read the Trip Articles for information on each of the trips, each team has researched their destination thoroughly and has excellent information

available. Telephone numbers and e-mail addresses have been listed so that you can contact them with any questions. Include your e-mail address on the Sign Up Form so that you can receive trip updates quickly. PLEASE NOTE: Steamboat (and a great TC/ATC team) has been added to the list of trips...check it out!

SIGN UP EARLY...we have reserved a lot of space for most of the trips, but with the early penalty dates we will need to release it so do not miss out....sign up NOW!! (See Insert in this Sitzmarke)

THINK SNOW!!! 30+ SCSCers already have...they just returned from New Zealand/Fiji for a little “Sun and Snow” and they had a blast! Thanks to Steven Teoh who lead the trip to such an exciting destination! Look for the trip article and wonderful pictures in a future Sitzmarke.

(A little traveling humor— A trip leader received a call from a participant who asked, “Is it possible to see England from Canada?” the trip leader said, “No.” The participant said “But they look so close on the map.”)

 (Tues - Sun)
Family Optional

Breckenridge prides itself on its instructors/lessons and the way the trails are laid out you can snowplow and not worry about being blindsided by any WILD TURKEYS this THANKSGIVING HOLIDAY! We will be staying in Beaver Run Condominium's two bedroom condos. Each unit accommodates a family of up to six or four singles, with one bedroom with King/ Queen and one bedroom with twins and the sleeper sofa in the living room. There are in-room movies available and all the usual amenities such as hairdryers, ski racks, and large closets. This will allow plenty of room for all those necessary items for NOVEMBER /THANKSGIVING skiing, and the great must-haves you find in the abundant shops during your stay. Of course with this being a ski/board-in ski/board-out complex you might have to squeeze in any extracurricular activities. Our complex has a full-service spa and massage therapist, TWO indoor/outdoor HEATED pools, EIGHT hot tubs, a cleared tennis court, fully equipped exercise room, sauna, video arcade, children's play area, night club, laundry / dry cleaners, on-site SKI SHOP, and convenience shops. You can also rent a car on-site.

You can go up, up, up in a balloon, take a dinner sleigh ride, or a very chilly river rafting adventure. With one phone call, the concierge in our lobby can arrange it all.

Beaver Run/Breckenridge has everything you could ask for this Thanksgiving and would make a great EARLY CHRISTMAS PRESENT for your loved ones. We only have 44 slots, so send in your deposit at early sign up and you will be one of the first people skiing/ boarding/ shopping/ ballooning over Colorado this fall.

Breckenridge is a 142-year-old gold and silver mining town with a real Main street. It has that old mining town quaintness yet it also has the premier resorts and conference centers that will accommodate large groups. Our condos open right onto the Super Chair and Quicksilver six. Even if you want to just watch the action you should have a good view of the four interconnected peaks with a 3,398 foot vertical drop which YOU can decide whether to measure by feet per second or minute because the greens are at the bottom the blues above and the Blacks and double blacks are primarily on the upper and outer edges of this two thousand + ski able acre area. SNOWBOARDERS ALERT: This is where the World Class FREEWAY Terrain Park and SUPERPIPE is shredded! And for the tiny ones there is Kid Castle and the carpet lifts. NEVER-EVERS and NOT-LATELY skiers you'll have a ball, too.

Start off the New Year with a bang by skiing the destination often rated #1 by readers of Ski magazine and the top "celeb hangout" according to People magazine. Whistler and Blackcomb mountains are blessed with over 7,000 acres of ski and snowboard terrain, 12 alpine bowls, 3 glaciers, over 200 marked trails and 33 lifts. Add to that the most incredible mountain and village food ever, the strong buying power of the American dollar, an exciting and cosmopolitan après-ski scene, and a wide variety of non-skiing activities and you're signing up for THE trip of a lifetime!

Begin your adventure with a mid-morning nonstop flight to Vancouver on Continental airlines (earning LOTS of One Pass miles). Then relax and enjoy the absolutely breathtaking scenery en route to Whistler. Once we're settled into our condos, we're only a short stroll from the quaint yet vibrant village where you can find anything and everything your little heart desires. Never-ers can sign up for the flexible learn to ski program with afternoon, full day, or 3-day lessons. And don't worry about finding some ski buddies since you'll be among many SCSC friends, not to mention some more Texans thrown in just for good measure. Whistler will never be the same again ...

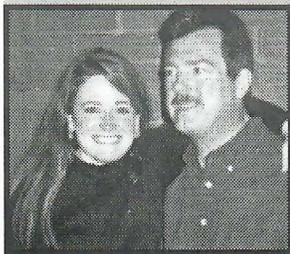

The Pacific Northwest is considerably warmer than is the rest of Canada, so a January trip should be no problem. In fact, the temperature should be pleasant enough for a little dog sledding, ice-climbing, skating, sleigh riding, winter fishing, snowcat touring, or snowmobiling. The slopes will be a short walk or shuttle away so you can alpine or cross-country ski whenever you fancy. Naturally, there'll be plenty of hot tubs to rest your weary little body at the end of a marvelous day.

Have there been times in your life when you've regretted not taking an incredible opportunity that was thrown your way? Well, don't let this be such a time. Sign up now so when everyone is talking about what a great trip this was you can sit back with a smile because YOU WERE THERE!

Lillehammer, Norway

TSC Expedition
 Jan 24 - Feb 1, 2003
 Full Pkg: \$1,380

(Fri - Sat)

Lillehammer- a difficult pronunciation and rumored to be the most difficult word you will have to pronounce in Norway. Be with fellow SCSCers as we begin our trek to Lillehammer, home to the 1994 Winter Olympics. We will depart on NW/KLM on January 24th, 2003, spending our first two nights in Oslo at the four-star Scandi Hotel. Following an orientation tour of Oslo, we are free to explore the city and partake of the night-life.

We then depart, via private coach with a guide for the short transfer to Lillehammer and our ultimate destination – five nights in the three-star Rica Hotel. We will be welcomed with a Viking Party Night. Lillehammer boasts four major ski areas located from 10-40 minutes away from the town and offers an array of activities of Olympic proportions. The mountains are blessed with very stable weather, cold winters and lots of snow-average depth over 80cm. Alpine and cross-country skiing abounds. Snowboarders will have areas also. There are lighted trails for evening alpine skiing as well as ski tours around Lillehammer. The opportunity to experience a taxibob – bobsled with a pilot traveling down the track at speeds in excess of 120kph or bobrafting - in a rubber five-passenger bobsled that "only" reaches speeds of 80kph should be on your list of activities.

For those who seek a day or two of respite from skiing, the pedestrian shopping area is in the heart of town. With a total of over 250 shops, SCSCers should be able to satisfy their need to spend. An optional full day excursion of Lillehammer and surrounding areas will be available as well as other optional activities. Some of Norway's leading museums; Lillehammer Art Museum, the Norwegian Olympic Museum and the Maihaugen are all close to the center of town.

Please plan to join us for this trip of Olympian proportions where your breakfasts and dinners are included in the package. The slopes should certainly be challenging enough for our wannabe Olympians and the nights are also of Olympian length, whether you need a hearty night of partying or a long night's rest.

Membership Lessons

This column is intended to help you get the most from being a member of SCSC. You will find here an article about SCSC and your relationship to it. The information is often derived from SCSC's Bylaws and Standing Rules. Sometimes seriously, sometimes humorously – we try to simplify and put them in perspective for you.

This Month:

Mail-in Sign-Up, Land Packages, & Wait-Lists

Mail-In Sign-Up (Standing Rule 8.1): Until this year, the process of Mail-In Sign-Up required approval by the Executive Committee, or ExComm, (the club officers) each year it was offered. Last October, the Board of Directors (the ExComm plus 10 past officers) approved changes to the club's Standing Rules which made this an official form of enrollment for ski trips.

It was originally started about 15 years ago as a way to more fairly offer sign-up opportunities to the membership. Prior to that, members had to attend the September General Meeting to sign up "early" on a particular trip. If a trip was popular, as today, it would often "sell out" at that meeting. If you could not get to the meeting early enough to get a good place in the line, or if you could not attend the meeting, you would find your first, and maybe second, choice trip already full and with a long wait list (*more about those later*).

By offering ski-trip sign-up through the mail, and for a specified period, SCSC "levelled the playing field" for all members, giving everyone the opportunity to get their registration in before a trip filled. A side benefit was a reduction of the enormously long lines that formed at each September General Meeting.

Be sure to read ALL of the details of "The Art of Mail-In Sign-Up" on the back of the trip registration form in this issue. Paying attention to those details will help ensure you get the trip you want this ski season.

Land Packages (Standing Rule 8.7): A Land Package is a lower priced trip package that does not include air transportation to the ski destination. This gives those who have lots of frequent-flyer miles, travel points, or other low-cost travel options the opportunity to save money on a trip, and possibly afford more trips! Land packages also work for out-of-town members who don't want or need to come through Houston to reach the destination.

Actually, if you read SR 8.7, you won't find any mention of Land Packages. They fall under the

Continued on page 14

Membership Lessons – Cont'd from page 13

“unless otherwise authorized by the Executive Committee” portion of the rule. On each trip budget, the Vice President of Trips works with the TC and ATC to determine if land packages are feasible for the trip. For example, if the trip is sold to the club as a complete package, with air, by a tour operator (as some TSC trips are); or if offering land packages would significantly decrease the comps, or group discounts, we receive and thereby make the full package price too high, then land packages will not be offered. If land packages are offered on a trip, then the land package is approved by the ExComm along with the trip budget.

Like Mail-In Sign-Up, land packages have not been around for an extremely long time. We first offered these on a couple of trips in the 1994-1995 season. They proved to be, and still are, very popular and we have continued to offer them on each trip we can each season.

One thing is optional on land packages – ground transportation. Before signing up, you need to find out from the TC or ATC if a land package includes transportation from the airport to the ski resort. Usually it is – often, SCSC must arrange group transportation, such as a charter bus, and must pay for the full bus even if not all seats are filled. In this case, the land package will contain the bus cost, even if it is not used by the participant. Many land package participants arrange to arrive on the same flight as the group, or arrive earlier, and want to be transported to the resort with the group. On the other hand, transportation to the resort sometimes is strictly on a per person cost basis, as with some shuttles, and the ground transportation will be left out of the land package to allow the participant to choose how they are transported to the resort, and at their own cost. For these reasons, ALWAYS check with the TC to see if ground transportation is included in a land package.

Wait Lists (Standing Rule 7.6): When a trip has signed up as many participants as they have budgeted for the trip, they begin placing those who wish to participant on the trip on a wait list. A wait list is used to allow members to “get in line” for vacancies which occur on the participant list after the initial sign-up. Every ski trip has several cancellations between sign-up and time for the trip to depart. Those who tender their trip deposit and sign-up for the wait list, will be offered, in the order they were added to the wait list, vacancies on the trip as they occur. The deposit is held by the TC until the member agrees to fill a vacant slot on the trip. When a vacancy occurs, the TC will begin calling, in order, those on the Wait List and offering them the open slot. If the member accepts, the member’s check is deposited and the member is added to the participant list. If the member does not accept the slot, he/she is dropped from the wait list and the TC calls the next person in line on the list.

On trips which have Land Packages, separate Wait Lists are maintained for the full-package and land package registrations. The two wait lists are worked independently, as openings occur for each type of trip package.

Some people feel that getting on a Wait List is a waste of time. Many members, however, can attest to having gotten the trip of their choice by first being on the Wait List for that trip. NEVER hesitate to get on the wait list for a trip you really want. As stated previously, cancellations ALWAYS occur, and if a wait list is long, the club can sometimes negotiate additional space on the trip to allow as many members to participate as possible. After all, that is our goal!

If you have any questions about the items discussed in this column, or other issues relating to your membership, don't hesitate to call any officer of the club and discuss it with them. Our goal is to offer our members the best club experience possible.

Fourth Best Skier In His Class

James Wayne, a longtime SCSC member who lives in Victoria, participated on the SCSC Park City trip this last season specifically to compete in the United States National NASTAR finals.

We're glad he joined his SCSC friends on the trip, and we're even more pleased with his showing. James finished in fourth place in the Expert division, 60-64 year age group. WOW!!! Essentially, this means that James is the 4th best expert skier in the United States in his age group. This is an incredible achievement, and from one of our own. Our heartfelt congratulations go out to James.
