Head of the Lifeline

by Stacey Ronczy

Yippee and Yahoo! Early mail-in sign-up is complete and we are ready to "Rock and Roll" on a brand new meeting year! The officers, in particular your VP/Programs Joe Walker and his assistant Diane Stotz, have been very busy getting ready for this first meeting. The summer was great with lots of fun activities to keep everyone busy and there are some really cool ones coming your way! If we have not provided an activity that you would like to participate in, talk to Joe and I am sure he will be more than happy to accommodate.

The trip lineup this year is fantastic! Jane Orr and her very busy assistants, Roger Holzman and Patti Maudsley, along with your tireless TCs and ATCs have been ironing out details and planning the most incredible trips. We all hope that you got on your first choice of trips, but if not, there are many options out there to still choose from. If there is a destination that you would like to see the club go to, contact Jane and let her know.

Your VP/Membership, Mike Montgomery, has been coordinating all the membership data and is very excited about his first meeting this month. When you check in, you will notice that there are members behind the table doing the paperwork. This is a very rewarding job as you get to meet and greet members you may have never otherwise seen or spoken to. Who knows, you may meet your new best friend if you volunteer to help Mike.

VP/Publications, Charles Butler, has been doing a bang-up job on the newsletter. He has been diligently laying out the articles, ads and other "stuff" you see in your Sitzmark. If you know of a business – maybe even your own – that you think might benefit from some advertising exposure in the Sitz, get with Charles and he can give you very competitive rates.

Speaking of competitive rates, what could be better than after advertising in the Sitz, advertising in the Club Directory! Used by millions, OK an exaggeration, the Club Directory is seen by not only our club members, but other clubs and their members as well. Your Secretary, Nora Montgomery, has been filling up the directory with ads and I know would love to have more, so look for her at the meeting. Nora is a multitasking person and not only takes care of the club directory, but takes the minutes at our meetings, along with all the paperwork that entails, and is also responsible for selecting the SCSC Logo. She has picked out some new items we have not seen before, so stop by and see the new merchandise, tell the Logo Ladies and Nora how much you appreciate the job they are doing, and purchase some SCSC wear to update that wardrobe!

Marvin Volz, your treasurer, has been madly writing checks to hold air, lodging and transportation for the upcoming trips as well as activities. You will see him at the meeting at a table writing checks, surrounded by anxious TCs, ATCs, Activity Coordinators and their assistants and probably an officer or two. This is generally a busy time for him, so if you think about it, approach his table and ask him if he needs anything, like a drink!

The nominating committee is just starting to put together candidates for next year's officers. If you are interested in volunteering with the club, but are uncertain what you would like to do, talk to this committee at the meeting and they will help you get fitted with the best job for you!

Have a great month; watch out for all the kiddies returning to school and stay COOL!

Auditor

Space City needs a volunteer to run the Audit chair. If you are interested and understand some Accounting, contact: **Stacey Ronczy** (sronczy@ev1.net or 713-861-6470)

or

Marvin Volz (mtve@hal-pc.org or 713-782-7118)

Hello SCSCers! I hope that all of you had a fantastic summer and that you are ready to start planning your winter vacations. Your TC's and ATC's have been very busy this summer getting everything ready just for you and I must say, they have done a great job.

I also hope that you took advantage of the early mail-in sign-up for our ski trips. If you missed that opportunity to sign up for the trips of your dreams, it's not too late. You can join us at the September 11, 2000 General Meeting and sign up for your trips there. All of the TCs and ATCs will be at this meeting anxious to share with you all of the fascinating news they have about their ski trip destinations. Each trip will have their own table set up where they can assist you with your sign-up or answer any questions that you may have about the trip.

Remember, if a trip of your choice is "full", go ahead and still put down your \$100 deposit and be placed on the wait list. Your \$100 check will not be cashed until there is actually space available on the trip and you confirm that you do want the space available. Not a ski season goes by that we do not extensively utilize our wait list for the ski trips so don't think that it is a "waste of your time" or "not worth trying". The more interest we have in any one trip, the better chance we have of securing the best pricing for that trip.

I'm looking forward to seeing all of you at the September meeting to hear about which destinations you plan to ski. It's a tough decision with all of the great trips planned.

Support the volunteers who have worked hard to plan the 2000-01 Ski Season, come to the September Meeting and sign up for your ski trip now!

V. P. Programs

by Joe Walker and Diane Stotz

The end of summer used to mean the end of fun. Now as adults (mostly) we spread our fun across the year as best we can. Maybe catch a ski trip here, a weekend there. One of the advantages of our great ski club is having fun events planned for you, which takes the work out of planning. Usually the cost is less that if you did the same thing for yourself. Diane and I are striving to reach that delicate balance of cost/fun that gives everyone in the club (and some who might want to join) something worthwhile.

This past summer had the bike ride, golf, wine, theater, Comets, windsurfing, Astros and bowling. Again, we must plan a new Laser Tag event cause it was so much fun, people were fighting over the spots (some were reported to be on the local black market). If you haven't done it, you will be amazed at the fun an evening can be. Likewise, the upcoming Beach Bash (wrongly rumored to be already full) will leave lasting memories at a bargain price. The road rally is always a blast and completely

different from what is imagined by someone who has never done one (no skill required – big laughs always provided). Dress up for Halloween at the Halloween party (and the fall carnival). Camp the Guadeloupe and party at Wurstfest after floating down the river. Eat gourmet food at the school of Culinary Arts for a fraction of the usual price. More wine tasting of course, combined with gourmet snacks and lots of them. And always, there are lots of charity events planned too. Check out the list this issue for more info.

The overall goal is to plan once in a lifetime type events (like a weekend in New Orleans, an evening on Clear Lake's biggest sailboat, or a week in the Grand Canyon on a raft) mixed with everyday inexpensive type events, which are just a lot of fun. Let us know how we are doing.

We are now in the planning stages for darts, rock climbing, an evening of Blues, dance lessons, ski lessons (no snow involved), the trip to Fredricksburg (wine and more wine), a big push to give some serious help to the Sunshine Kids, and many more events. The club needs your time (but only a little), wisdom, and camaraderie. Call Diane or myself and offer to help. Our goal is to make it fun for you and the club. It is also a fantastic way to make new friends. And don't worry, We train. We enjoy learning in the process. Let us show you how to REALLY enjoy what this club has to offer.

Bicycle Ride at Brazos Bend Park

By Sandy Cox

Twenty brave people showed up for the annual Bicylce Ride, held Saturday, June 3rd at Brazos Bend Park, organized by Lee Swords. Lee and I got there about 9:00 to set up, but soon found that I had accidentally (I am SO sorry!) left about half the food in my car at home (because we decided to take only one vehicle instead of two) and Lee had to make a mad dash all the way back into town to get it. For those people that he passed on the road on this second trip, he apologies for his wild driving!!

It was a typical hot South Texas summer day, but that didn't stop the enthusiasm of the riders. Even though the starting time was 10:00, Joe Walker, Bill Bomberger, Sue Dewitt, and Jim Frowe, showed up bright and early about 9:30 ready to ride. Louella Steller, James Barbee, Steven Teoh, Jacqueline Teoh, Carmen Mikhail arrived soon after. They all took a short ride around Elm Lake while we were waiting on the rest of the group to arrive. Sue wasn't too sure about taking the ride with Joe Walker, but she made it back without being made a sacrifice to the alligators. After that first trip, Steven tried to raise the seat on Jacqueline's bike as much as possible because it seems she has grown a bit since she last rode it, but it wasn't enough and she was hinting big time to her dad that she definitely needed a larger bike.

The remainder of the riders consisted of Steven Krolczyk, Lene Hien, Tim Hall, Renee Coffman, Karla Lawson, Bill Simmons, Mary Kay Kitchens, Gene Soo, and Claire Finn. Janet Schafer arrived with her hiking boots and camera and set out to take some pictures of the resident alligators and birds.

The first "leisurely" ride (Ha!, a ride is never leisurely if Lee is leading it) was around Elm Lake and over to Hale Lake. A stop was made at the Observation Tower at Elm Lake and everyone made the climb to the top to see if they could see any gators. The scenery was great but we didn't make many stops along the way on the trails because we would have been eaten alive by the mosquitoes. They were out in force and were hungry for blood (they just LOVED our mosquito repellent!). Very few alligators were seen,

probably because they were smarter than we were, and were staying under water where it was cooler and the mosquitoes couldn't get to them!

After that trip, we decided to relax and have lunch before we headed out again. Claire discovered that the neighborhood squirrel loved Chee-Tos! Louella (after being bitten by some unknown insect), James, Bill Simmons and Mary Kay decided they had had enough and decided to head back to town after lunch. Janet must have been having a great time hiking and taking pictures, because she didn't show up for lunch until after we left on our next ride. She said she was wearing Sportsman Mosquito Repellant which contained 100% Deet and didn't get a single mosquito bite. She wasn't sure if that stuff was legal, and we aren't sure what effect it may have had on her skin later, but by golly it worked!!

After that break, the rest of us decided to go out on a more adventuresome ride (uh oh!). When we started to leave the road and head down the dirt trail, Jacqueline, Claire, and Joe decided to stick to the paved road and go over to the "air conditioned" gift shop and check things out (a very, very smart move, as you will soon here). The north Bluestem Trail soon proved to be quite a challenge (that is an understatement)! We did think it was strange that we never saw any other humans on this trail and it began to look less and less used. We found out there was a definite reason! It became quite tough and it was soon decided that if you stopped, or even slowed down to "mosquito flight rate" you would very quickly be eaten alive! So we trudged on through the muck and dense foliage wondering every moment where we were and when we would see civilization again! Jim, Carmen, Gene

and Steven were bringing up the rear and got into some trouble in the mud and got separated from the group. Lee went back to look for them and the rest of us headed for what Bill Bomberger said, after checking out the map (good idea!), was a short cut back to a paved road. Since there was a huge black mass of mosquitoes about to descend on us, we headed for the road and made it out alive! After waiting some time for the others, we decided to head back to our picnic site since we weren't sure where Lee and the other group would come out. FINALLY, after an even longer and more exhausting ride down several trails, Jim, Carmen, Steven and Lee made it back, but Gene was still missing. Jacqueline tried to call him on his cell phone (seriously!), but no answer! Lee headed back to look for him and found him headed back. We all decided that those undeveloped trails on that

side of the park are more than we want to try again, especially in the summer!

We had a lot of laughs afterwards, and everyone packed up and headed back to the big city!!

Keystone

TSC Fall Roundup

November 21 - 26, 2000
(Tuesday - Sunday)

Full: \$675
Land: \$342
Child: \$404*

Bring the family and spend your Thanksgiving at KeystoneThe Texas Ski Council is offering its Fall Roundup trip to Keystone Colorado, Tuesday, November 21 through Sunday, November 26. This will be a family optional trip with 4 full days of skiing and plenty of activities for the whole family.

Our flight will leave Houston Intercontinental Tuesday morning with a direct flight to Denver. After an 80-mile (approximately) bus trip to the Keystone Resort, we will check into our 2-bedrooms, 2-bath condominiums in the Forest neighborhood of Keystone, which is an 8-10 minute (approximately 1 mile with stops) shuttle ride to the mountain. All units have television, fireplace, and have fully equipped kitchens. Every neighborhood at Keystone has a Jacuzzi or swimming pool nearby. Keystone also has a Fitness and Business Center on site.

Three-day or more multi day lift tickets are fully interchangeable at Keystone, Breckenridge, and Arapahoe Basin, as well as, skiing and riding privileges at Vail and Beaver Creek. Keystone's FREE intra-resort scheduled service transports you throughout the

resort and to Arapahoe Basin. The Ski KAB Express offers free shuttle service to Breckenridge. There is also a convenient shuttle service to Vail for a nominal charge.

Keystone has one of the largest snowmaking operations in North America with unrivaled grooming standards and guaranteed snow. Keystone also has the largest night skiing operations in Colorado with 17 runs, including a lit terrain park and half pipe. There are other activities to enjoy such as snowshoeing, cross-country skiing, sleigh rides, ice-skating, snowmobiling, snowbiking to mention a few. Ski lessons are also available whether you are a beginner or just need a refresher course. For families there are special activities just for the kids like fireside storytelling, stargazing sessions and movies night. Shopping is also available at nearby Silverthorne, home to approximately 80 factory outlet shops.

This is a TSC trip, so be ready to **PARTY**, have some **FUN** and make some new **FRIENDS**. Additional activities will be offered such as Thanksgiving dinner on Thursday, parties, NASTAR racing, happy hour, and an awards banquet on Saturday night. Your TC and

ATC plan to create an environment where people get to know each other and have a GREAT time together.

SO THIS THANKSGIVING DO SOMETHING DIFFERENT, JOIN US ON A SKI TRIP YOU WILL NOT FORGET.

WNBA Champions - Houston Comets

By Joanne Fore

Never is there a doubt that fans of the HOUSTON COMETS will be supplied with lots and lots of excitement as 25 of us were on June 24, 2000! About half of the group met before the game at a Chinese buffet across the freeway (a favorite eating place of us who are repeat attendees). The "COMETS" played the "INDIANA FEVER" (they must have had a bad fever) as we thoroughly trounced them – which is a bad habit the "COMETS" have. Cynthia Cooper, Sheryl Swoops and Tina Thompson provided a lot of the excitement. Some of our group really got into it – stomping, waving and hollering their hearts out – but no one caught a T-Shirt! The half-time show is always a surprise – this time was not exception, with some local youngsters giving a great display of unusual accomplishments – calisthenics and Hula Hoops! We are well on our way to a "4-PEAT"!!!

The VP of Publishing wishes to apologize for the delay in publishing this month's Sitzmarke. It was delayed due to my work. I hope that this will not occur again.
