## HEAD OF THE LIFT LINE

by Craig T. Liebergot

Ho! Ho! Ho! It's off to Borneo I go!! At this writing, I am frantically throwing clothes and dive gear into a suitcase for a trip that should be an adventure of a lifetime. Therefore, this last article of 1992 hopefully will be blessedly short!

Many thanks to LOURDES COYLE and the models for providing us with a fun style (and more!) show at the November monthly meeting. We certainly had LIVE entertainment from some of the models!!

Craig & husband Sy "Going Down"!!!

The Christmas Party will be December 4th. JERI HARTMAN and JIM FELKER have been working hard to make it a success and with their respective creativity, I am confident that it will be a night to remember. Don't forget to bring a toy for the "Toys for Tots" and canned food for the less fortunate.

Dickens on the Strand will be December 5th and Christmas Caroling will be December 12th. December's monthly meeting will be on December 14th and it's a meeting that you don't want to miss. "The Sound of Silence", a hearing impaired group of singers will perform in what promises to be a wonderful program just in time for the Holidays. Additionally, ATLAS TRAVEL has donated an airline ticket from CONTINENTAL AIRLINES that will be given away at the meeting. And once again, SUN & SKI SPORTS is providing support to SCSC by giving us a terrific door prize—one pair of Rossignol skis—that can be traded in for a store credit on other merchandise if you don't need the skis!!

Also, everyone please remember that toys and non-perishable food items will be collected at this meeting, so please plan to bring them to the meeting if you were unable to attend the Christmas Party. Happy Hour will be at Cafe Rigoletta & Piano Bar on December 17th.

Have a joyous Holiday and a Happy New Year!! See you in 1993, if the headhunters don't get me on my trip to the Wild!!!!

### A ROUNDTRIP AIRLINE TICKET\* ON CONTINENTAL AND A PAIR OF ROSSIGNOL SKIS WILL BE GIVEN AWAY AT THE DECEMBER MEETING.

*You must be present to win, so be sure and attend the meeting on 12/14/92.*

*\*Anywhere Continental flies in the contiguous 48 states.*

*Only SCSC members eligible.*

## FROM THE SKI DESK... by Debbie Bergeron, VP of Trips

Hope you all had a pleasant Thanksgiving and are ready for the Christmas & New Year's Holidays which seem to be approaching at warp speed, as do the following Ski Trip Final Payment Dates: December 7th for SUGARLOAF/USA, December 14th for SKI THE SUMMIT, and January 18th for both MOUNT BACHELOR and PARK CITY. PLEASE NOTE that all final payments must be in the hands of the TC (or ATC) ON or PRIOR TO the due date, NOT AFTER. Please call them for their address, if needed.

SCSC is penalized for late payments, overbookings, or cancellations to our vendors, so our Standing Rules ensure that all members help us meet these requirements. Your cooperation and timeliness are not only vital factors, but will also earn you the neverending gratitude of your trip leaders, club vendors, and officers!

Just back from **KEYSTONE, COLORADO** is our first trip of the 92-93 Ski Season, where 60 anxious SCSCers and hundreds of other Texas Ski Council members were the first to test Keystone's recent \$32 million expansion program! Great reviews are anticipated on "The Outback", with its natural glade skiing; on Keystone's second gondola which has helped to minimize liftline waits; and on the spectacular views and delicious meals that skiers and non-skiers alike indulged in, both day and night, at "The Outpost", Keystone's new restaurant complex situated at an exhilarating elevation of 11,444 feet! Be sure to listen for the scoop on those high-spirited Texas Ski Council events where SCSC joined hundreds of other Texans for dancing, partying, camaraderie, and hopefully in celebrating the answer to "Who Won The Texas Ski Challenge Cup?"

If you would like to check out the New & Improved **KEYSTONE** for yourself, we have another opportunity in store for you on February 27th when "SKI THE SUMMIT" heads back to Keystone for a full week of Prime Time Skiing at Colorado's Summit Area! With condos just 150 yards from the lifts, SCSCers will be a 3 minute walk to the slopes of Keystone and a brief shuttle from the always popular, nearby resorts of **BRECKENRIDGE, COPPER MOUNTAIN, & ARAPAHOE BASIN**! So don't delay, call TC **DEBBIE MOSTERT** TODAY at 980-4596 before the few remaining spaces are gone!

For those still considering an SCSC Ski Escape this winter, our status report as of November 1st when this article was submitted for publication offered a combined total of 35 spaces (and one short waitlist) on our last four trips of the year, **SUGARLOAF, SKI THE SUMMIT, MT. BACHELOR, & PARK CITY**. Brief wait lists on **JACKSON HOLE, VAIL, & INNSBRUCK** could very possibly produce some openings as their final payment dates approach along with all those Yuletide Christmas bills. And if you happen to have flexibility with your vacation schedule and a good deal of patience, hanging in there on the wait lists of **STEAMBOAT I, II, III, ASPEN, & BIG SKY** may eventually bring you an unexpected opening. These five trips filled E-A-R-L-Y during mail-in signup, were E-X-P-A-N-D-E-D where possible, and still have L-E-N-G-T-H-Y wait lists. {Don't overlook those few available spots on the aforementioned trips—they, too, may soon be gone!}

**UPDATE IN THE "TRIPS STAFF"**: I am very pleased to announce that **SHARON INMAN** has come on board to fill a vacancy as **DIRECTOR OF TRIP** for the remainder of our 92-93 season and will be working with me, fellow DOT **LOUISE JOB**, our trip leaders, and officers. As many of you will recall, Sharon was a DOT during our 1991-92 year and did a superlative job (as did her fellow 91-92 DOT, **ANITA YEOMANS**)! Directors of Trips and the VP of Trips are required to work very closely with each other, and I cannot express how grateful I am that two capable, dynamite ladies such as **LOUISE** and **SHARON** have so generously volunteered their personal time to help further the success of SCSC!

In closing, please join us at the December 14th Monthly Meeting at the Holiday Inn Crowne Plaza where you can sign up for great trips & activities, enjoy a special Christmas program, and also learn the results of the first 92-93 Challenge Cup Series from the TSC Fall Roundup! **HAVE A WARM & WONDERFUL CHRISTMAS, A HAPPY & FULFILLING NEW YEAR, AND REMEMBER TO ... THINK SNOW!!!**

Another sand sculpture!!

This year's beach weekend was the largest held in recent years with 44 in attendance. (Look for another one in '93!!) First prize for sand sculpting went to Team "A" which included BECKY HALL, LINDA LICARIONE, RICHARD HALL and DIANE JAMAIL for their MERMAID, BARRACUDA & STARFISH sculptures. (See November "Scrapbook" for pictures.) Volleyball had no conclusive winning team because individuals kept swapping sides!!

Both Saturday and Sunday brought more unplanned activities: joke telling and the application of temporary TATTOOS by "SANDY BUNNS". He was selling his services from his van up and down the beach!

RICHARD HENDERSON, JOANN LANE, SUE BARNETT and DAVE IRELAND, among others, partied long into Sunday morning wee hours.

Thanks to all who helped in the kitchen, at the grill or boiled shrimp outside.

# RACE'Y NEWS....

by TERRY MCGUINNESS, SCSC Race Director

## The New NASTAR Handicap System---

Last year we retired the TSC Division I NASTAR trophy. This year not only do we start off new, but the rules have changed. There are two changes in how we will compete for the Texas Ski Cup: new club divisions and a new club racing ability handicap system.

**New Club Divisions**—Previously, there were three divisions based simply on club membership.

However, it was noticed that club size had nothing to do with race participation. Starting this year, there will be four divisions, based on the clubs' average number of racers from previous years, beginning with last season's data for 1991-92. So the new divisions are:

Division I	clubs averaging 100 or more racers per year
Division III	clubs averaging 25 - 49 racers per year
Division II	clubs averaging 50 - 99 racers per year
Division IV	clubs averaging less than 25 racers per year.

When we refer to **average** for the year, we mean a five year average. So for this year, we will use the **actual** number of racers who competed last year. As data on more years of racing are obtained, an average number of racers per year will emerge for each club.

The TSC race director will keep all race records for each club and at the end of each season, will determine each club's division placement for the next season based on accrued data. The major benefit to the first change is that clubs will compete only with clubs who have a similar number of racers.

### New Club Racing Ability Handicapping System

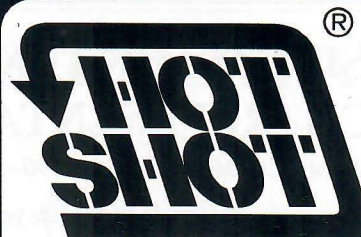

In NASTAR racing, each person competes against a standard, determined by comparing all ski resort pros against the best in the nation that season. Well, in a similar way, the clubs will compete against each other based on each club's total skiing ability, measured by their point totals earned each season.

The best club in total points in each division is not given any handicap, like in golf or bowling handicapping, where the best is given a handicap of "0". Each competing club in the divisions are then ranked against the best club and are given a handicap percentage, just like in the concept of NASTAR racing. Only with the clubs, the percent handicap is determined by **dividing** their total point score into the score of the best team to obtain the maximum or final handicap for each club.

Let us use an example to illustrate this concept. In one ski season, club A scored 4,000 points and club B scored 3,000. Club B's maximum handicap is 33%, or 1.33. Every point total in each race for the 1992-93 season would be multiplied by 1.33 for club B. At a TSC race, club A scores 1,000 points and club B scores 800. Multiplying by 1.33, club B would be awarded

1,066 final points and would rank higher than club A. However, maximum handicaps would not be used in the first year of operation. Instead the club racing ability handicapping system would be introduced gradually into TSC until five years' data were accumulated. In the first year, a partial handicap would be given to each club based on 1991-92's data for one year (70% of the full handicap). Next year, it will go up to 75%, adding 5% each year until a maximum of 95% is obtained.

Going back to the above example of clubs A and B, club B would not receive its total 1.33 handicap in the first year of the new handicapping system. Instead, it would receive 70% of its maximum or 1.23. Thus in the example given, club B's score of 800 would be multiplied by 1.23, resulting in 984 points and club A would emerge as the winner.

There are advantages of the new divisions and club ability handicapping. One is that clubs will compete in divisions more suited to their number of racers. Second, more clubs will improve their chances of winning a trophy. Simply having more racers will not be an advantage, since the club's racing ability will be used to compare performances. The net result is that the new system should promote more camaraderie between clubs and make racing more fun for everyone.

P.S. Some club members thought the new system was so complex that you needed a Ph. D. to understand it. Now I know why I was chosen to be the Club Race Director, since I have one of those degrees!! But the real question is, do you understand my explanation of the system!?!?

# THE POSITION OF TEXAS SKI COUNCIL REPRESENTATIVE

by PAM HOLDER, TSC Rep 1990-91

*Editor's note: The following is an article to provide you with further information on another volunteer opportunity with SCSC!!*

Of the many offices and positions I've held over the years for Space City, this is by far one of the most important and the most fun. The TSC Representative is nominated and approved by the Board of Directors and reports to the Executive Committee. The TSC Rep keeps our officers aware of all Council business and at the direction of the Executive Committee presents SCSC's position on all Council issues at the TSC meetings.

The Texas Ski Council currently has twenty member clubs from across the state. The Council holds four meetings a year to discuss the various issues that come up throughout the year. Each club has a representative to speak for them at these meetings. Discussions can be quite interesting at times given the differing sizes of the member clubs (Space City is the largest with 1400 members, and the smallest clubs have 50 members), the different locations across the state and the different financial structure of the member clubs (profit versus non-profit). As you might imagine, these and other factors give every club a little different perspective (sometimes a very different perspective) on what they feel is best for the Council.

There are many sensitive issues that come before the Council such as by-law changes that cover everything from membership qualifications (not meeting these qualifications can land a club on probation) to the number of votes each club has. Over the years the Race Rules probably win the prize for being the hottest topic of debate. Fortunately the financial position of the Council has stabilized in the last couple of years.

There are also a number of marketing issues that come before the Council and we often have vendors come to the meetings to present information on their resort. This can be very valuable information for Space City as we run the most extensive trip schedule of any club in the Council. The marketing efforts of the Council really culminate at the Bid Meeting held every year in April. This is the most important meeting for the Council as the Council decides which resorts will host TSC trips for the next year, and the Council also elects their officers for the next year.

While Space City does not have a By-Law or Standing Rule that spells out the qualifications for the TSC Rep position, I can't emphasize enough the importance of having served as an officer in our Club before serving as its Representative. Having been through many SCSC meetings where we review financial matters, or labor through discussions on policy that result in By-Law or Standing Rule changes, or review the status of our trips and activities, or determine membership status, or a myriad of other topics that come before the Executive Committee, provides an excellent foundation for serving in this position. In presenting our Club's opinion at the Council, you must choose your words carefully as we have been a well-respected member of the Council since its inception. And, hopefully, our Rep can pleasingly persuade other clubs to follow our lead.

As for the fun part of this job, it's a great way to meet a lot of the other volunteers from across the state that make the Texas Ski Council the great organization that it is. It's a wonderful feeling to participate on Council trips and know so many people from the other clubs, and to know that you've made a difference. **THINK ABOUT IT! VOLUNTEER!**

Did you see **GENE DAVIS**'s new look? Now the question is, "To shave or not to shave!" After the way the gals made over Gene at the Happy Hour, I'm not sure he'll be shaving that beard anytime soon.

Talk about good news--**JUDY YOENS** just completed a fabulous commission of art work for a local client. Way to go Judy!!

By the way, have you ever seen such a great looking group of people as we had at the **Black Forest Happy Hour**?!!!! Spiffy!!

Speaking of spiffy, one **SCSCer** was heard to comment at the November General Meeting's B & B Style show---"I've never seen **SUE SALVAGE** look so good!!"-- Not sure what outfit Sue was wearing--was it a ski outfit or one of the B & B outfits?!!! Anyway, we sure appreciate Sue and all the other models for volunteering. And to show some of you members that weren't at the meeting what **GOOD SPORTS** we have any the club, the following is an example of some of the "B & B"!

## BUD BREWERY BRUNCH

by MARY McDONALD

*The "BUD" Group!*

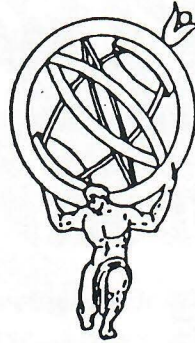

The Bud Bunch (27 total) gathered at Bennigan's late Saturday morning anticipating good food, fun and, of course, the free samples of beer at the Budweiser Brewery. **BILL KIRK** was so helpful that he told the activity coordinator **MARY MCDONALD** to sit down and talk to the people and quit interrupting his "method" of checking in people and handing out our meal tickets, door prize tickets and a bunch of other literature. **DONNA BURGLAND** (a former Budweiser employee) was recruited to help and, as her reward, was not allowed to participate in the trivia contest.

The group spent two hours catching up on news from old friends, ordering lunch, making new friends, eating, trying to guess the answers to the trivia questions before getting to the brewery, and sampling other brands of beer besides Budweiser. **JIM MCINTYRE** arrived without a Coors Light (Silver Bullet) in hand. **PEGGY GLOVER** was trying to persuade her friends **WALTER** and **JENNY QUALLS** that SCSC was a fun group of people and that they should become members. **JOHN MORAN** decided to play "Father Knows Best" and sat at the head of the main table. **LAURIE HOMBERG** ordered such a large bowl of potato soup that she wasn't sure if she was supposed to eat it or swim in it. **SUSAN WICKER** and **KEVIN BISHOP** were having such a good time together, they didn't mind having to sit by themselves at a separate table.

After lunch, everyone made it to the Brewery without mishap and was eager to start answering the trivia questions. **SANDY HOFFMAN**, **CHARLES KING** and **INGE COONS** were trying so hard to find all the answers on the displays that they kept lagging behind the rest of the group. **SANDIE PRESTON** and **JOANIE OSBOURNE** were so quiet and inconspicuous that they must have been hypnotized by the motion of the beer canning conveyor belts. The eager beaver award goes to **MARK VALA** who was at the head of the group to return to the hospitality room for the free beer. **JOHN DEISER** was reluctant to finish the tour and was the last one to turn in his trivia answers.

Once the members had a chance at the free beer, they settled back to find out who had won the trivia contest. Sandy Hoffman's detailed studies paid off with first place. **STEVE VEATCH** came in second and **LORELLE POTTICK**, **LYNN CRIM** and **SANDY MARTIN** tied for third place. (No one knew that RoboCop II had been filmed at the brewery). The door prize winners included **LEE SWORDS**, **ED & KAY CAIN**, **KEN BALACEK**, **WALTER QUALLS**, and Laurie Homberg. **PAT VAN TASSEL** was kept busy recording all the winners names.

## TSC REPORT

by KIM PAGE, TSC Rep.

SCSC's 1991-92 Club Race Director, **TED BERGERON**, has been "promoted" to one of three positions on the Texas Ski Council Race Committee for 1992-93. My TSC Report in last month's Sitzmarke mentioned the TSC Race Committee's presentation at the August Delegate's Meeting in Austin that proposed amended race rules, which were approved by a strong majority of TSC Delegates. Just FYI, the proposal's primary component was a handicap system developed solely by our own Ted, who had spent over eight months on his own trying to resolve some inequities of the old system which occasionally put clubs with 30 or 40 racers in a no-win situation against clubs with 100 or more racers. With the new race rules, all clubs, both large and small, will now have a fair chance by competing with clubs of similar size in four divisions instead of three. These race rules will be implemented beginning with the 1992 TSC Fall Roundup at Keystone, where Space City will be competing in Division I.

Also working behind the scenes on TSC Races are SCSC members **GARY BUTLER** (ATC on Steamboat I) and his brother, **CHARLES BUTLER** (currently residing in Saudi Arabia). Gary and Charles are both busy working on writing the program for the TSC Race Computer to incorporate the new handicap system created as a result of the new TSC Race Rules. Many thanks for your computer expertise! (P.S. Charles: We hear that Gary is glad he could give you a project to help fill your spare time in Saudi!)

And on yet another TSC race project, currently being adapted by the TSC Race Committee for use in connection with future TSC Club Races is our own SCSC Race Director's Manual, created by **TED BERGERON** in 1991. Since Ted authored the original version of the Race Manual and also developed the aforementioned TSC handicap system, another TSC Race Committee member has been assigned the responsibility of modifying the Training Manual for use by the TSC. Ted, take a much deserved rest, like that long-awaited European vacation!!

# VOLLEYBALL CHALLENGE

by LINDA LICARIONE

## CHALLENGE: TO INVITE INTO FRIENDLY COMPETITION!

On September 13th, Forty High-Spirited SCSCers braved flash floods to join us for the first of two Volleyball Challenges at Bear Creek Park. The "Christopher Columbus" award went to **JERRY MONTGOMERY, DICK HOWARD, STAN BRONIAK** and **LOUIS CORFELLO** who discovered the Group despite park roads.

**B.J. SCOTT, MICHELLE LAMB, BARB HUEY** and **LIZ STEINMANN** contemplated sacrifices to the Rain Gods in hopes the torrential rains would subside before we needed an Ark. The sacrifices worked since soon the Rainbow appeared and the "Games Began".

Who says Mud Volleyball isn't fun. **DEBBIE WARREN** and **LEE JONES** gave lessons on "How to Slide in the Mud with Style and Grace"; while **GERRY SIMPSON, RON RAMBIN,** and **RANDY KUNKEE** proved to be quick under-studies. **JIM TURNER, JOHN COOK, CALVIN DOODY, GARY BUTLER,** and **DALE "SET" ALBRITTON** kept the games lively. However, **JOYCE RYAN, ANN HARVEY,** and **DENISE LOOS** refused to get caught up in the thrill of the moment and passed on "Play it in the Mud Pit". Good for you!

**RAY DAVIS** led **ROBERTA RAMBIN, BONNIE MIMS, MARION ATKINS** and others on a high speed ride through the park. Of course for Ray, it was a leisurely Sunday ride. After everyone had worked up a hearty appetite, Master Chef **MERLYN HARGER** served up burgers and hot dogs, while **JEFF WARREN** demonstrated one of his many artistic talents - carving water melons.

This day our "challenge" was the weather, and we "won" - it was a FUN day.

We must be having Fun now! Thirty SCSCers returned to the Volleyball Challenge on October 4th led by **MERLYN HARGER, MICHELLE LAMB, B.J. SCOTT, JIM TURNER, JOHN COOK, JEFF** and **DEBBIE WARREN** to mention a few. The Sun Gods were pleased and it was a Perfect Day in the Park. And So the "Games Began".

The competition was tough during the Friendly? double elimination tourney

and in the end - one team would be Victorious.

### First Place-"Dirt Dobbers":

**Calvin Doody (Captain), John Cook, SUE SEDWICK, GARY BUTLER, Jerry Montgomery.**

### Second Place-"WAFOS":

**JOE KULPINSKY (Captain), BILL KIRK, Randy Kunkee, Lee Jones, JAN ROBERTSON, Debbie Warren.**

### Third Place-"Ball Killers":

**KAYLEEN KILL (Captain) Ray Davis Dale Albritton, GERRY SIMPSON, LINDA LICARIONE, MANOLO VALLE** (Editor's note: This group must have broke the camera because we don't have a picture of them!!)

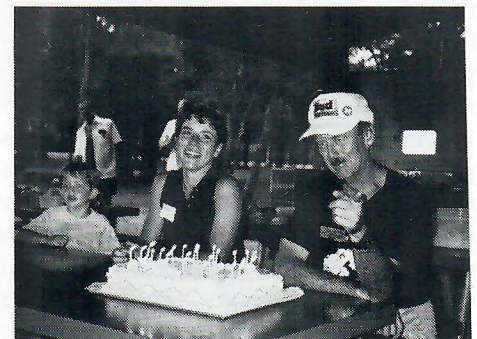

### Also Ran-"Young & Restless":

**JIM TURNER (Captain), Michelle Lamb, BECKY HALL, Jeff Warren, LARRY GOWLING**

The "Young & Restless" found that youth and energy was no match for age and experience when they were unable to win a game. The teams were cheered on by **JERI HARTMAN, JIM FELKER, AND**

**PEGGY DONLEY** who were side-lined with injuries. Other support came from **Barbara Huey, PHIL BURKHART, LAURA CARMIN,** and **B.J. Scott.** I don't think they believed it was just Fun Volleyball.

**Bill Kirk, Becky Hall, and Merlyn Harger** did a great job with the burgers and dogs. And to top off a great day - we celebrated **Jerry Montgomery** and **Kayleen**

**Kill's Birthdays** with cake and a roaring round of the Dirge.

Thanks so much to my many assistants who all chipped in to make both days a Great Time! See you in the Spring!

# At Steamboat, we've got your group covered.

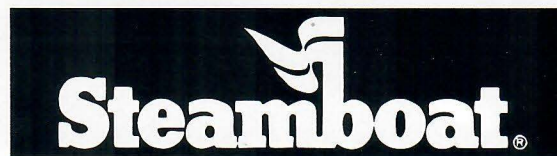

When your group comes to Steamboat, you'll find the big mountain, great snow and friendly faces we're famous for, but this year, you'll find something new. Two new, covered, high-speed quads. So, now, you can go all the way from the bottom of our mountain, 3,600 feet up to the top in high-speed, covered comfort.

And that's just one of the ways we've got you covered. We offer groups special discounted rates on lift tickets, ski school lessons and meals. For groups of 25 or more, we have Steamboat Bucks, good for discounts on

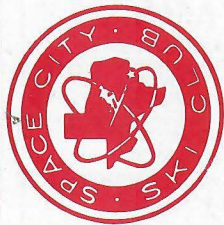

group activities for every member of your group. We have catered parties, group races, on-mountain picnics, private mountaintop banquets, cross country ski tours and we offer discounts on a variety of other goods and services throughout the town of Steamboat.

So whether it's group deals, new quads, or great skiing, we've got you covered.
