SUMMER BASH TIME!

HEAD OF THE LIFTLINE

by Jerry Montgomery

Let It Snow, Let It Snow, Let It Snow!

The mountains may not be ready for Mohammed - but Space City Ski Club will be ready for the mountains. By now our TC's and ATC's are hard at work planning your "great escapes" for next year's ski season. Cheryl has planned a wide variety of destinations including Colorado, New Mexico, Utah, Montana and three foreign countries - Switzerland, Canada, and California. See the ski desk for details. If you were not chosen to TC/ATC a trip, don't give up. Running non-ski activities and working with membership are great ways to get involved in the club.

A committee has been formed to study proposed changes to our By-laws and Standing Rules. We hope all of you have seen the survey form **Ginger Howard** prepared, and will give her committee objective input. The issue of children's involvement in the club is of great importance, since there are many considerations both pro and con, as the make up of SCSC continually changes. Other items will be studied as well. If you have any suggestions, please contact Ginger Howard at (H) 772-2196.

Traditionally SCSC members wait till the last minute to sign up for non-ski activities. In the case of functions such as the San Antonio festival, it is necessary for the club to place deposits for transportation and lodging several weeks before departure. A final payment is due two to three weeks ahead of time. If response is not adequate, we must cut back or cancel completely. This coming ski season we will face an even more critical situation. If an activity or trip has appeal, the club appreciates your **early commitment**.

Attaboy's to **Beverly Merritt** for a great volunteer party and **Ron and Roberta Rambin** who once again graciously volunteered their lovely home.

The following summertime activities are scheduled:

- Bash
- CW Dancing
- Golf Tournament
- Road Rally
- Cruise

See ya at the Bash!!!!

TAKING THE UNKNOWN OUT OF CRUISING

by Eric Holm

Never been on a cruise before? Maybe you've always wanted to go on one but, for one reason or another, have kept putting it off. Why wait any longer? Now not only can you get a great discount (29% off the published fares), but your cruise coordinator is familiar both with the cruise line and the ports of call and will be able to help you get the most out of your vacation time.

Several questions have been asked about the cruise which we thought might be of general interest, so we've tried to address them below.

• *Isn't cruising more expensive than other kinds of travel?*

Cruising represents one of the best travel values available. Break down the cost of a cruise and compare it to what you'd spend on room, meals, transportation and entertainment for a similar vacation on land. All these things -- and many more -- are included in the price of your cruise ticket. You will also save money on your drinks and gifts, since these items aboard ship are sold at duty-free prices.

• *Do I have to be a member of Space City Ski Club to join the group on the cruise?*

No. Friends and family are welcome on non-ski activities.

• *Am I missing anything by purchasing less expensive accommodations?*

The price affects only the type and location of your cabin. On a cruise, everyone has the same choices of foods, can enjoy the same entertainment, and is given the same high-quality service. (This should not be confused with a Trans-Atlantic crossing, which may offer two classes of service.)

• *What should I plan to wear? Will I have to dress up every evening?*

Cruise vacations are casual by day, whether you're on ship or on shore. In the evening the cruise ship will vary the dress attire from casual to dressy, depending upon the occasion.

• *I'm always in a hurry to get where I'm going; won't ship travel be too slow for my taste?*

When you vacation at sea, the cruise itself is the primary destination; the ports of call are a "bonus" that enhance the total experience. Your holiday begins the moment you walk up the gangway!

• *I'm single; will I feel comfortable?*

Cruising is ideal for singles because of the wide variety of activities designed to help people get acquainted. An average of about one third of the passengers aboard ship are single.

• *I'm afraid of getting seasick; isn't this a common problem?*

Not really. Improved stabilizers on modern ships, advance availability of accurate weather information, and development of effective preventive medication have, for the most part, eliminated the incidence of motion sickness.

• *I'm an active person. Won't the days be boring?*

Hardly. Ships offer full and varied programs of organized activities, from dance lessons to skeetshooting, cooking demonstrations to backgammon tournaments, with just the right amount of relaxation in between. Or, you can get off on your own to jog, swim, work out in the gym or stretch out in the sauna.

Trip planning is well underway for the upcoming ski season. We've got a great year planned for you with several brand new places for SCSC skiers. To start the season, we are off to some of the best powder skiing, *Snowbird*, Utah for Fall Roundup. Next up, we will spend the Christmas holidays at *Angel Fire*, where you will have three different places to ski. The Trio are made up of Angel Fire, Red River and Ski Rio.

January brings with it cold weather, great snow and the start of a new decade. It also brings TSC Traditional, where 180 SCSC skiers will be skiing *The Summit* in Colorado. For those of you not familiar with the area, The Summit includes Keystone, Copper Mountain, Breckenridge and Arapahoe Basin. Next, the first of our new destinations for SCSC is *Wolf Creek*. It's a short trip, but a great place for powder skiing and Trip Chairman John Cook promises to give free lessons on how to ski the powder. We close out January with a trip to glamorous British Columbia in Canada. *Whistler* is the exact destination, another of the first time trips for SCSC. If Canada is still too close to home for you, why not go abroad to beautiful *Laax*, Switzerland for the TSC Texas Expedition.

In case you are afraid of using all of your vacation time, don't worry because February is full of short trips. These trips don't require much vacation time and are easy on the pocket-book. We start the month with a short trip to *Salt Lake City*, Utah where all of the many resorts are just a few minutes away by bus. That's followed by Winter Shootout at *Purgatory*; it's a short trip, but still plenty of time to rack up points for the Texas Cup. Remember, it just takes a couple of days off from work to enjoy one of these trips. In March, we have a week long adventure to *Big Sky*, Montana.

Cheryl Clements

We end the season with the ultimate "Jackpot," Final Showdown in *Heavenly Valley*. If you like to gamble, whether it be on the slopes or in the casinos, this is the place for you. After all, where else can you ski in two different states in the same day. We'll be sending 120 SCSC skiers to bring the Texas Cup home where it belongs, if they don't lose it on the craps table.

The air transportation and lodging are being worked on, the trip leaders and their assistants are being briefed, and all we need is you. So don't forget to get that membership renewal in the mail right away.

I hope each and every one of you have a wonderful summer and will join us this ski season for at least one trip. So start thinking about "getting and/or staying in shape" and let's make this the best year in SCSC's twenty-five year history.

Already hard at work, TC Jim McIntyre secures a check from Bob Cruse for airline deposit to Whistler/Blackcomb at the May Happy Hour.

SPACE CITIANS "THUMBS UP" AFTER CLEAR LAKE SCULL-IN

by Joan Burback

League City, TX...Riddle: *What has eight arms, eight legs, is 65 feet in length, and can pull a water skier?* (Hint: Think rowing!) The answer became apparent last month as a group of SCSC members packed in beer and Italian subs while getting briefed on sliding seat rowing at the Gasthaus.

What, you say, is the Gasthaus? It is the most unusual recreational facility in Houston, and it's in our own backyard at South Shore Harbour on Clear Lake. Once on board, our group got filled in on the "how-to's" of powering the world's fastest human-operated water craft, and then proceeded two by two and then one by one to try out sculling. Shirley Lang, Rosanne Clark and Gayla Cawood were naturals at moving these fast little boats across the picturesque harbour way. Tom Danowski was spotted from the shore manning his pencil-thin rowing craft. Jim McIntyre and Eugene Walker flew across the waters testing their new skills only to discover the trick is in the turning - not turning over, turning around! Ed Cain and Kay Ellig were seen skimming across the water in perfect rhythm.

As the day drew to a close, it was proven once again that SCSCers are good sports all the time, even without snow.

SCSC members can enjoy a special rate July-September by cutting out this article and bringing it along for a lesson - \$10.00 off the \$45.00 package of instruction.

Anxious SCSC Scullers listen intently to the instructor.

Shirley Lang waits her turn.

Jim McIntyre makes a big splash as Ed rows by.

Kay Ellig and Ed Cain patiently await their turn (inside the boat house).

Row, Row, Row your Boat...

Expert boat handling!

• *Won't I feel confined on a ship?*

Confined to what? Not only are cruise ships bigger than they look, but it takes some people two full days just to discover all the amenities. If you will test yourself with a few reflective moments at the rail of a ship at sea, you'll find that "fear of confinement" is quickly replaced by the freest feeling in the world.

• *What is there to do at night?*

Every evening you'll find quality entertainment in the night clubs, first-run movies in the cinema, and dancing in the lounges and discos. And there are special events like Talent Night, Masquerade, and other features which are part of the grand camaraderie of cruising.

• *I like variety in my vacations. Aren't all those islands alike?*

Ship itineraries are deliberately designed to take you to different kinds of destinations. And, by its very nature, a cruise offers an interesting and balanced contrast between shoreside experiences and life at sea.

Cruising is one of the most popular forms of tourism, with 80% of its clients returning for one or more cruises. Come join us on the "S. S. Norway" and find out why so many people return again and again.

Sailing Date:

September 23-30, 1989

Ports of Call:

**St. Maarten, St. John, St. Thomas,
NCL Pleasure Island**

Prices are based on double occupancy starting at \$1,046.75 per person, and include airfare, ground transfers, port taxes, and all meals on board. Only a few cabins are reserved at these special prices, so please send in your deposit as soon as possible.

STRAIGHT DOWN THE MOUNTAIN

John Stumph, a long time member of SCSC died on May 30th after a four year bout with cancer. For a group of us in the club, he was really our spiritual leader, the heart of our group's friendship. His infectious laugh, his can-do salesmanship and his non-stop, full-speed ahead spirit energized our every gathering.

We remember Stumper blasting down a dark blue at Heavenly, hatless, his white hair impeccably in place, skidding to one of his four wheel snow blasting stops, being approached by a ski patrolmen who said "Sir, don't you think you'd better ski your age?" Stumper laughed later "Hell, I didn't tell him I had cancer!"

We remember Stumper winning a Gold at Steamboat in January, four months before he died. Because for John Stumph, life was a downhill run - straight down the mountain. He was our friend and we will miss him.

SEA ISLE II - BEACH BLAST OFF

by Cissy Dutcher

On Friday afternoon, May 12th, it appeared the curse of "Mercer's Campout" had descended on the Beach Blast Off. Mother Nature managed to bring a frown to Cissy's face, when Assistant Activity Coordinator, **Gary Sequiera**, arrived at my condo, and brought the rain with him. By the time we picked up the shrimp and the keys to the houses, the rain had stopped for the afternoon.

Bob Fried had volunteered to come early on Friday and help find driftwood for the Saturday bonfire. He arrived before we did but got back to the houses just after Gary and Cissy finished unloading and unpacking most of the supplies. He did, however, make several trips up and down stairs to secure the beer!

Next to arrive was **Elyse Turla**, followed shortly by **Peggy McLane**. When it came time to journey into Galveston for dinner at Gaidos, Peggy graciously volunteered to chauffeur. We began with a table for 10, ended up with 20, and got a private dining room to boot. Among those enjoying the dinner were **Ruth Fowler**, **Laurie Homberg**, **Danna Sutton**, **Penny Chancey** and **Barbara Niland**.

After dinner, the group returned to Sea Isle condominiums. Gray house #2 was designated our fun headquarters. It was here that everyone congregated to visit, play cards and party until the wee small hours. **Ed Cain** and **Kay Ellig** straggled in around midnight and lost no time joining the party. *(It was reported that Elyse, Ed and Kay kept the party going until about 4:00 A.M.)*

Gary Sequiera and Cissy Dutcher laugh away the rain!

The storms returned during the night, but most of us slept through all the action. One who almost did, was **Kevin Bishop**. Many people were curious about the fact that Kevin managed to get his feet wet without ever leaving his bed!!!

The next morning dawned bright and clear. Most of the group donned bathing suits after breakfast and headed across the little bridge to the beach. **Nancy Boelsen**, **Earl Hyland** and **Anita Ray** decided to go into Galveston to ride the jet ski. **Tom Okamoto** and **George Agamaite** confessed they would have loved to go, but unfortunately they gave their jet ski cash to the Jamaica Beach Police Department the night before when they got caught in the speed trap there. *(The JBPD relieved them of \$80 for the privilege of driving 15 MPH over the speed limit!)*

Soon there was a line of beach chairs and bodies on the beach. Enjoying the sun *(and wishing on Sunday that they had used more suntan lotion)* were **Sharon Inman**, **Laurie**, **Elyse**, **Peggy**, **Barb**, **Sue Moehring**, **Judy Stringer**, **Penny** and **G. A. Addicks**.

George Pavey arrived around 11:00 and proceeded to set up her inflatable catamaran. The water proved too rough to sail it, but **John Cobb** and **Susan Clark** had better luck with John's inflatable boat.

After breaking for lunch, **Nancy** and **Earl** set up the horseshoe court and the competition began. Gary was seen giving **Nancy** lessons - creating a "monster" was what I called it. **Nancy** is tough enough competition without lessons!

Llona Wicks arrived in the afternoon and lost no time changing into her bikini and joining the group on the beach. **Gayla Cawood** joined us in the afternoon and stayed for dinner. We thought she was there for the rest of the weekend, but when we awoke Sunday morning, she was missing. It may have been G. A.'s snow bunny dance in the middle of the night that was the last straw for her!

Kay, **Ed**, **Bob**, **Gary** and **Nancy** all made good use of the tennis courts. Play began Saturday morning and continued until about three o'clock on Saturday afternoon. I don't know who won or lost, but all had fun.

The wood for the bonfire was still a bit of a problem. While walking on the beach, I spotted lots of wood sticking out of the seaweed, so back to the house to round up volunteers to help carry it to the pit. **Kevin**, **Gunner**, **G. A.**, **Tom**, **George** and **Judy** all answered the call.

Faced with 50 pounds of shrimp, 30 pounds of new potatoes and a case of corn on the cob to cook, I managed to talk friends, **Paul** and **Delores Brust**, into bringing over their butane cooker. *(Paul is an old hand at shrimp boils and had just the right recipe for the spices.)* He did a marvelous job of cooking and we really appreciated his help. Gary made margaritas for everyone and Kevin bemoaned the fact that I'd only bought one quart of tequila while in Mexico. It seems everyone enjoyed them so much, they wanted just one more!

VOLUNTEERING FOR MEMBERSHIP

by Bob Nielsen, Vice President - Membership

MEMBERSHIP TEAM CAPTAINS

Space City Ski Club is a prime example of a large (*over 1230 members last year*) volunteer-driven organization. The tasks of the four main functions (*Membership, Trips, Programs, and Publications*) have become so numerous that a large number of people are needed to help the respective Vice Presidents carry them out effectively.

For example, the Membership function needs people to gather data and maintain the membership data base, to process and admit members and guests at the general meetings during the year, to work in concert with the Liftliners to welcome guests and first year members at the meetings, and to attract new members to the club. New for the 1989-1990 Membership function is the concept of Team Captains -- members selected to play key roles in managing identified functions of Membership.

Pam Williams (phone: 984-8464) has been selected as the Team Captain for Membership Records. Once the membership roles for 1989-1990 have absorbed the tremendous surge of May-June renewals, and Pam has become conversant with DB3+ and the computer, she will update the data base monthly, keep track of guests, prospective new members, and Unsung Heros (*volunteers*) and generate mailing labels for various club functions, such as the *Sitzmarke*. She will be authorized to enlist the help of additional volunteers.

Sharon Taylor (phone: 933-3335) has been named Team Captain for Meetings. Sharon will assemble her team of volunteers to issue name tags and admit members and guests to the nine General Meetings during the coming season. She will need at least eight volunteers for every meeting! Those who checked "Member Check-In" on the membership application form are likely to be called by Sharon as she assembles her team. This is a great area in which to volunteer because it takes only one hour at a time and it allows you to meet a large number of members personally.

Diana Mills (phone: 463-0932) will head up a team of volunteers who will work with the Liftliners to see to it that new members and guests are made to feel welcome at General Meetings. Diana will need a lot of help to create the party atmosphere to insure that no one will stand around wondering how he or she will become acquainted. Volunteer for this team or the Liftliners if you would like to be an official welcome person and spend some time at meetings introducing new members and guests to the officers and other members. In this role, you could be very instrumental in affecting how a prospective new member views his or her first encounter with the club.

Still to be designated is one additional Team Captain. This person will be in charge of making the community more aware of Space City Ski Club and helping to bring the total membership

up to the 1400 target limit for 1989-1990. This Team Captain will assemble volunteers to place Space City brochures in sporting goods outlets, athletic clubs, and other likely locations. In addition, this person will develop contacts in the media to place community bulletin board type announcements of our General Meetings, and will participate in events such as the Houston Chronicle ski show and Oshman's fall ski sale. Members who would like to be considered for this important Team Captain position should contact **Bob Nielsen** (phone: 496-1345).

A final word. As we process 1989-1990 membership applications, we are finding very few **new member** applicants who indicate a willingness to volunteer to help run club functions. We think this is largely because the new members do not feel they are familiar enough with the club to jump right in. This is a mistake. There is no way to be assimilated into the social structure of Space City Ski Club faster than to volunteer to help run the club. Don't wait. Volunteer now. You will be made comfortable with whatever function you select; you will be invited to the Volunteer Party in June, and (*most importantly*) your efforts **will be appreciated**.

Cindy Garrett, our '88-'89 TSC representative has recently taken a position with a South Carolina company. She and husband Mike Feldman will be leaving Houston in late June. We all wish her well and thank her for a job well done. Congratulations and the best of luck!

Pam Holder has been selected to replace Cindy as our '89-'90 TSC Alternate.

Bob Wilbanks has moved again! His new address is: 2407 A South Victor, Aurora, CO 80014. (This time he has a hot tub!)

Memorial Day Weekend found several SCSC'ers in Belize SCUBA diving and enjoying the sun. The group consisted of Charles Goodrich, Tania Andrasko, Harry Gaston, Cheryl Houge, Linda Liacarione, Pam Gilliam, Dennis Bentley, Terry McGuinness, and Jocinda Helfert. One of the most adventurous times was a two-hour boat ride to Turneff Islands in 6 foot waves!!

HOT GNUS

Congratulations to Bob Basch on winning the June Sitzmarke Contest by correctly listing all 16 ski areas hidden in the puzzle. Bob won a dinner for two, valued at \$30.00 at the Grand Hotel.

Another Road Rally is planned for September 17. Call Tom Hogel (W) 665-2755, (H) 621-5348 or Beth Nolen (H) 468-4268 for more information.

SCSC's new home this year will be the Holiday Inn Crown Plaza, 2222 West Loop South. See you there in September!

As of March 4, 1989, Lou Schultz has become a Diplomat of the American Board of Orthodontics.

BEACH BLAST *Cont'd from pg. 11*

After a delicious dinner, we adjourned to the beach for the bonfire. We knew Houston was under a severe weather alert and, sure enough, about half way through the bonfire, the rain came. Fortunately, everyone had their fill of s'mores before we had to run for it. Back in the condos, it was another late night and we managed to make quite a dent in the supply of beer. Several people declared the next morning that they didn't want another one for quite some time!!

Brunch on Sunday morning was a joint affair. I straggled up from bed, hating to face the fact that I had two sour cream coffee cakes to make. But being a good little AC, I got myself in the kitchen and got busy. After putting them in the oven, I decided to go for an early walk on the beach. Earl and Kevin were given the responsibility of taking them out of the oven. When I returned, I could smell them burning and believe me, I was not a happy camper! *(They gave the lame excuse that the oven must have been calibrated wrong!)*

"COOKS" - Cissy Dutcher, Nancy Boelsen, G. A. Addicks.

G. A., Nancy and Judy created a gorgeous fruit salad and tray. Crab quiche and champagne completed the menu and were thoroughly enjoyed by all. Even the "over-brown" coffee cake dissappeared completely.

All too soon, it was time to pack up and head for home. Gunner and Renate decided they needed a little more time on the beach and were still there when we left.

I'd like to thank all who helped make this weekend a total success. My deepest heartfelt thanks to Gary Sequiera, without whom it could not have happened. His unfailing cheerfulness, his pickup truck, his "I can do it" attitude were wonderful! Thanks!

HAPPY HOUR

9110 Southwest Freeway

Heading South on 59, exit at Beechnut/Gessner. Stay on feeder.
