To those of you who came to the September Meeting, and it was a **very** high percentage, thanks for making the meeting such a success. It is easy to imagine the behind-the-scenes work that went into setting the year's trips up and preparing for the meeting logistically. The reward is the enthusiastic response of the membership and you all were great! **Harry Gaston** (*I think it was*) and his lovely assistants were responsible for the handing-out of the "popular trip" release forms in the sign-up lines and thereby cutting the paperwork time at the trip tables to a minimum. These first few meetings are always hectic and the only partial remedy is good organization. This author is particularly proud of the smoothness of the check-in procedures ably administered by V.P.-Membership, **Shirley Andries** in the meeting room lobby. Even so there will, unavoidably, always be waiting at the busier meetings, but thanks for hanging in there! By the way, we are again a Club of 1,400 members, having hit the limit Monday night.

Other plaudits go to all the other new officers. None have ever run such a meeting before, but all succeeded splendidly, in my opinion. It should be noted that this author cannot avoid a certain prejudice in these congratulatory matters.

On a more sober note, a very few members who somehow escaped the psychological screening upon application to the Club contributed negatively to the good proceedings. This occurred just after the trip sign-up lines formed when a couple of individuals obtained space on a popular trip by knowing how to subvert the line. These people are known and will be removed from the participant list, but it's a sad thing to even have to address the problem. Similar problems happened at the front door and a remedy is planned there also.

By the time this is read, the autumn meeting of the Texas Ski Council will have been held in San Antonio where Texas Ski Week planning will have been largely completed. The races this year at Steamboat will again be dual course and will be run by Ol' Moose, Steamboat's pro and Race Master. Approximately 800 skiers from Texas clubs are expected at Ski Week and it's always a terrific time.

Forty-four lucky skiers will depart January 10 for the finest five days of skiing, fun, frolic, and adventure. Steamboat is a visit to the "Old West" and is one of the best ski areas in Colorado.

TEXAS SKI WEEK promises races, activities, and parties every night and every day. Meet other Texas skiers and help SCSC keep the Texas Ski Council Ski Cup! Our group will meet the TSW I group and join them in parties and celebrations.

Hotel accommodations are at the superb Steamboat Village Inn, right at the base of the mountain, in the center of everything - the Gondola house, chair lifts, ski school, shops, restaurants, and clubs. Sauna and heated pool are just two of the many amenities offered to skiers by the Inn. It will also be the center of many planned Texas Ski Week activities.

The Texas International jet departs Wednesday, January 10 at 6:35 AM, and will return us to Houston Sunday, January 14 at 11:45 PM.

This trip is expected to be an early sell-out. The LOW price of \$253.00 includes race fees and a custom-designed T-shirt, made especially for SCSC and Texas Ski Week.

Bring your \$50.00 deposit to the next meeting or contact one of the chairmen as soon as possible!

 OPEN MID-OCTOBER

trip status report

by Keith Eastin

The Club is sponsoring 14 trips this year to such exotic places as Lake Tahoe, Banff, and Chamonix, not to mention our standard well-received bill of fare in Colorado and Utah. Under the vigorous protests of many members, the Club will not be going to scenic Wilmot Mountain, Wisconsin (*where conditions are measured in terms of inches of ice cover*). Your officers were unable to negotiate suitable tent reservations with the Wisconsin Bureau of Wildlife and Reclamation. We will try again next year.

Response to trips this year has been exceptionally high for this time of year. Of the 14 trips, 8 are either full with waiting lists or are very close to being full. A word about the nature of waiting lists is in order. Everyone who has been involved in the management of a trip before can attest to the fact that waiting lists are very elusive things. What may be a 30 or 40 person list at the first meeting can very quickly dwindle to a situation where all who want to go on a specific trip ultimately will be accommodated. If you wish to take a specific trip and it already has a substantial waiting list, **do not be discouraged!** Put your name on the waiting list as the likelihood is high that you will be able to join the trip.

The Lake Tahoe trip this year was originally designed to accommodate 90 members. At the last meeting, not only did 90 members sign up for the trip, but an additional 97 members signed on the waiting list. At its last meeting, your Executive Committee voted to increase the size of the Tahoe trip from 90 to 126. The Club will guarantee air line and lodging and other accoutrements for each of the additional 36 members. However, the Club will not reserve a bus for transportation from San Francisco to Tahoe unless 126 members actually remain; the additional increment of participants

will need to find their own transportation to Tahoe from San Francisco. The same procedure was followed two years ago and created little inconvenience. The overall price of the trip would be adjusted and rental cars used for the missing transportation.

We are also in a waiting line status for the two Texas Ski Week trips, Aspen Traditional, and Banff. Vail (Thanksgiving), Aspen II, and the Chamonix trip are very close to filling. The Christmas trip as well as the other Spring trips all have space available.

None of us can recall trips being filled quite so quickly as they have this year. We urge you to sign up early so that you will not be disappointed at the unavailability of spaces at a later meeting.

trea\$urer's report ("money talk\$")

by Gene Turboff

Thanks to **Barry Kumins**, taking over as Treasurer in the middle of the year has been a relatively easy transition period. The financial records are in beautiful shape, completely up-to-date, and the Club is in excellent financial condition. Despite warnings from several past Treasurers, the September General Meeting proved to be beautiful from the Treasurer's standpoint - all of the Trip Chairpersons ("TC's") and their Assistants ("ATC's"), as well as Trip Directors, **Easy Thayer** and **Tom Mercer**, did a beautiful job, thus making my job a lot easier.

While it's still a little early to be sure, it appears that we will have to increase dues next year unless everybody starts drinking more at the meetings so that our monthly meetings show a bigger profit. **Bottoms Up!!!**

This column has been absent without leave for several issues due to a dearth of new and interesting places to write about. However, we had lunch today at a unique, if not new, Mexican eatery: **Bertha's Genuine Mexican Food Restaurant**.

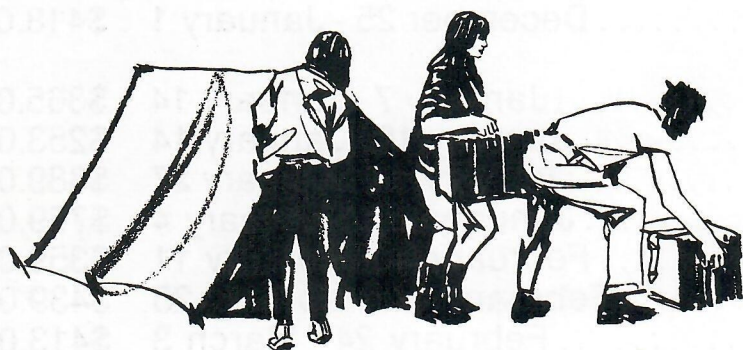

Bertha herself is worth the trip downtown to 1710 McKinney. Her gracious manner and high energy style blend with five decades of experience to create a true dining experience. For a minimum of eight people at \$12 each, she will personally prepare an eight course feast. Call her at 659-0414 for a description of the courses -- we cannot do them justice here.

The regular menu is considerably simpler - tacos, enchiladas, tamales, chili con queso, rice, beans and guacamole. However, preparation to order makes the difference. The above items make a three course lunch into a truly special Mexican dinner - \$3.50. And if that's not enough, go for it with the family style all-you-can-eat Deluxe Dinner - \$6.95.

The atmosphere is worth noting due to the unpretentious exterior of **Bertha's**. The older building shows signs of age on the outside, but the vaulted ceiling, clean white walls and well-set tables lend an air of elegance and comfort to this month's **Eatzmarke** selection. Hours are 11-2 and 5-9 Monday through Friday, 5-9:30 Saturday and closed Sunday. Say hello to Bertha!

Aspen Mountain - Aspen Highlands - Buttermilk - Snowmass. Together they have a complex and far reaching ski terrain that exceeds all other ski locations in this country in capacity and variety.

Aspen, the ultimate American ski town! It has everything and it is all within a few steps in the heart of downtown. Lively bars, superb restaurants and entertainment long into the night.

Saturday, January 20, 84 SCSCers will depart Houston via Texas International Flight #958 at 10:05 AM. After arriving in Denver and following a short stop at Apple Jacks, we will bus to Aspen, arriving in the late afternoon.

A change for those who have made the trip before is our accommodations at the Chateau DuMont, only a snowball's throw from the Little Nell Lift. All condos have 2 bedrooms with kitchen facilities.

Our reluctant departure will be January 27th in time to make Texas International Flight #985 leaving Denver at 7:05 PM, arriving Houston at 11:05. Finalization of arrangements necessitates raising the trip price to \$389.00. This includes transportation, room and SCSC sponsored parties.

Even though the trip filled at the September meeting, the waiting list is short and there is an excellent chance of making the trip if you sign up soon.

booth, texas trip

by Steve Gucker

There was some apprehension among the group of 43 eager, would-be-kickers assembled at Oshman's-Post Oak for the happy hour jaunt and search for the Trading Post at Booth when the bus failed to arrive until just before the scheduled 6:30 PM departure time.

On arrival at Booth however, **Linda Licarione, Russell Coffman, Judy Graves, Dave Sharp, Barry Kumins, Charles Dutton and Janis and Joe Martin** wasted no time in consuming both beer and barbeque in monumental proportions to prepare themselves for the evening of more beer and lots of dancing.

By the end of the band's first set, **Ron Smith** was aided to the bus for some "rest" by his better half **Sandra Palmer**, thus rescinding his earlier suggestion that more beer would be needed for the return trip. It was feared that **Ben Hammond** would join Ron but Ben hung in gamely for the rest of the evening.

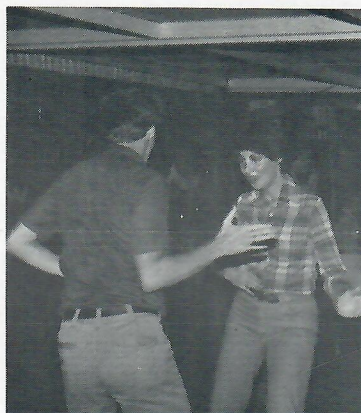

As most folks know, August evenings in Texas are usually anything but pleasant and Booth was no exception. However, **Peggy Widaman, Art Camero, Carol Ragan, Rudy Naquin, Deb Montgomery, Sy Liebergot, Tania Andrasko, Cliff Zapfel, Lanette Shepherd, Judy Stringer, Bob Marwin, Fran Crawford, Joann Kerr, Pat Gibbs** and yours truly found that the fans on the dance floor provided some relief, and therefore stayed on the floor most of the evening.

When the band finally got brave enough to play the Cotton-Eyed Joe, our gang was on the floor in force and it was reported that several toes, including **Janet Legler's** became small casualties with **John Martin** even getting a couple of **Yvonne Chapman's**.

Alas, the time of departure came and an impromptu vote of \$1.00 per person enabled the bus to stay for another hour of countrymania. Not wanting to leave, **John**

Steve Gucker, Judy Allen, Judy Stringer, Pat Gibbs and Ben Hammond.

Texas Tim Webb and Morna Simon. Sy, Tania, Lanette, Ron, Sandy, Barry and Rex Ritz.

and **Katie Terzakis**, who had driven in from their home in Richmond, even contributed to the cause.

Vicki Schmid and **Denise Sherman**, citing something about a long line at the Ladies Room, used and toured the facilities of the "little farm house" next door. It was reported that Denise decided to try and send someone for her clothes at home so she could stay. No one seems to know if it was the facilities, the two giant screen TV's or the owner that helped her decide.

Jim Franz, last year's Booth

TC, expressed concern that some may miss the bus and true to form, **Judy Allen** made other arrangements, which evidently included a better offer. On the return trip, **Texas Tim Webb**, this time aided by **Rex Ritz**, continued his barrage of extemporaneous jokes began earlier in the evening. The laughter was almost loud enough to wake **Mary K. Nicholson, Morna Simon, and Linda MacFarland**; but not quite! Needless to say, very little beer was needed for the trip home (Ron) and a good time was had by all.

bye, bye barry, and write if you get work, penny

by Archie and Mehetabel

Hey, all you kool kats and satin dolls; guess who's moving to Billings, Montana. None other than our treasurer, **Barry Kumins**, winner of the **Frank Riesenber**g "Singer of the Year" award for 1978, and our Banff trip chairman, **Penny Wiggins**, SCSC's "Poster Child" for 1978.

So what to do? Beg them to stay? No! Throw a party?? **But of course!!** A 50's-GREASE PARTY around the pool (*you know what's going to happen later*) at **Theresa Sweeris'** parent's home at Regal Ranch. Beer, barbecue, a barrel of home-made punch, and **Disco Nix**-with his 1000 watts and 1000 golden oldies. And then... And then... Along came...

Chris Ginn and **Jan Livingston** were the first to arrive, looking like they just left glee club practice. Chris spent the evening trying not to repeat his performance on the last Texas Ski Week return flight.

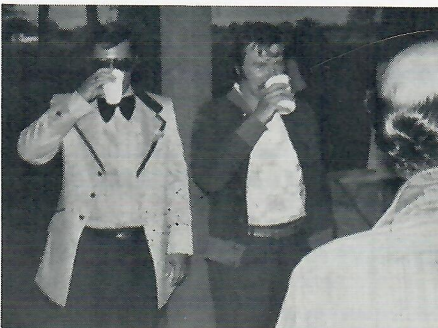

Tom Mercer, **Rick MacFarland**, **Easy Thayer** and **Mo Granda** played "Kookie Byrnes" by helping to park cars. Their help wasn't really necessary, as there was a full moon. But they didn't think one full moon was enough.

Gary Calloway, a cigarette dangling from the corner of his mouth, and just dripping 50's hoodatude, won the costume contest. "**Elvis**" **Turboff** came in second. **Sharon Lord**, in gold lame pedal pushers and a black fringe top, looking like the movie character usually played by Mamie Van Doren or Shelly Winters, won the other costume contest. **Bobbet Cross** in a pointy bra, tight red sweater, and long, long hair (*every young boy's dream, even today*) was second. For those of you that wondered, when 4 Alka Seltzers and 6 Anacin wouldn't stop the pounding, what was in that barrel of Panther Punch: **Sy Liebergot's** last bottle of Ripple, **Shirley Andries'** bottle of Crystal Clear, **Bob Marwin's** Brandy Alexander mix, **Mo Granda's** Canadian Mist (*now we know which border he crossed*),

Graham Barnes' Peach Brandy, **Joann Kerr's** Gin, **Tom Mercer's** Everclear, **Thersa Sweeris'** Coconut Hereford Cow, and whatever chicken bones, barbecue beef, potato salad and beans remained on **Jim Plummer's** plate. "*My God, Plummer, you will never be housebroken*", exclaimed Sharon Lord, upon seeing Jim's unintentional contribution. EPA chemists feel that it was the chicken fat and coconut reacting with the barbecue sauce that caused that light pink scum on top of the punch. Fortunately, by then, no one noticed.

MEMORIES OF THE 50's: **Disco Nix** babbling in the pool, mike in one hand and a Spruce Tree in the other. **Fran Crawford**

and **Bob Marwin** as Queen of the Prom, with her nervous escort. **Tania Andrasko** as the sorority sister. **Bruce Maughs** as Mickey Mouse. **Don Greene** as the clean-cut Boy Scout. **Spencer King** and **Joyce Jenkins** as the yell leaders. Lots of Sha Na Na greasers, **Rick MacFarland**, **Tom Mercer** and **Easy Thayer** playing John the Baptist. **Sandy Palmer's** shrieking R over high C as **Ron Smith** accidentally slammed the car door on her fingers. "Strolling" on the patio. Thirty plus people ending up in the pool, along with about 200 beer cups. Seeing 137 of Penny and Barry's closest personal friends, drinking beer, and dusting off some great old "jitterbug" moves. And soooo many white socks!

Above Left: Gene "Grease" Turboff and Debbie Mylius. Above Right: Bob Marwin, Cynthia Lackey, Tania Andrasko, Linda MacFarland, Lanette Shepherd and Cliff Zapfel. Center Left: Barry Kumins and Tom Mercer. Bottom Left: Sharon Lord - 1st place in the dress contest. Bottom Right: Jerry and Teresa dancing the night away!

Art and Letitia Glenn

Shouts of **"Great"** and **"Fantastic"** fill the air at the mention of Space City City Club to **Art and Letitia Glenn**. Their harmonious chimes in unison are relentless and exhilarating as are their personalities and endeavors.

Letitia was raised on the East Coast, somewhere around the Catamount Ski Area in Great Barrington, Mass. Art is a Rocky Mountain boy and a graduate of the University of Wyoming. They know all about snow, a lot about skiing, and seem to go for just about anything.

Letitia went to college at the University of Denver and received a Bachelor of Fine Arts degree. She became a successful graphic ar-

tist and eventually got a job with the CBS-TV affiliate in Denver as Director of Advertising and Promotion. Art Glenn is the man who hired her and they've been working together ever since.

Not to transcend into a soap opera plot, Art has been involved in the television industry for some time. He began his career in Phoenix with the NBC affiliate as Director of Sales and later moved to KOCO-TV in Oklahoma City to become the President and General Manager of that station. Art was able to initiate the first Minority Advisory Counsel for Oklahoma City and suddenly you begin to understand the sensitivity of the man.

In Denver at the CBS affiliate, Art was General Manager, Vice President of McGraw-Hill Broadcasting and while seeking to improve the image of the station, Letitia walked in. She redesigned the station's logo, and they fell in love.

The first place they ever skied together was Arapaho Basin which

Letitia says was a bit embarrassing. She had a good pair of skis but one rotten binding that continued to release at the most inopportune moments. Reminiscently Art recalls thinking *"This girl was dying to go skiing and she can't even ski."* Well, even with a rotten binding the lady has a lot of style.

Now they are here in Houston with a great little business - Gold "C" Values - and are still working together. Gold "C" is a coupon book sold by non-profit organizations to raise money and offers local merchants an additional advertising resource. The Texas Commerce Bank Group sponsors their project. Art and Letitia love the flexibility they've come to own and spend at least two days a week on the golf course at Kingwood. Letitia is a newcomer to the game and she loves it. Her first ideas of the game were simply *"a nature walk with the man I love"* and now she has her own arsenal of clubs. She's up to a 40 handicap and Art boasts that at one time his was 12.

Easy, Gene, Penny and Jim enjoying the party!
