
Copper Mountain

TC: Trish Ramirez. ATC: Lora Gaige

The second trip of the season, Copper Mountain, CO, was a hit! Our group had such a great time hitting the slopes and getting to know each other after the lifts closed. The adventure started off with a snow storm on the way to the resort. The bus even had to stop and have chains put on to climb to our final destination. This set the stage for a good first day of skiing! We had blue skies for the rest of the trip.

We had one new skier on our trip, Emma Garcia, and a first time rider, Annemarie Price. Both had a wonderful time, but decided to take on other winter sports the next day, including snowmobiling! We also enjoyed watching

the half pipe at Copper throughout our trip. It was the first one open in NA! The Australian and Korean national teams were practicing their stunts all week...and providing us with entertainment!

This group had a great time taking advantage of all the amenities of the Passage Point Condos, including the hot tub to soothe those sore muscles and enjoy a glass of Barry's port! We met for après skis at Endos or Jack's bar each day and our final night out together was celebrated by great food and even better company at the CB Grille.

Thanks so much to everyone on the trip that made it a great kick off to the 2007-2008 ski season!
