Hello All,

We are finally traveling together as a club again!! We have recently welcomed back travelers from two fall trips. I heard the stories of fun and sun from the travelers on the Mayan Riviera trip - everyone was raving about the resort. And I was happy to share my stories of the wonders and challenges of the Zion/Grand Canyon trip. Both trips were over-the-top successes.

After a long hot summer and fall, we're finally creeping up on cooler weather. In December, we're looking forward to the annual meeting at Sun and Ski Sports, where you can get all prepped for the upcoming ski trips as well as the June Bike and Barge trip while using our exclusive SCSC discount valid during the meeting. Also in December, we have several functions to celebrate the season. The (always wonderful!) holiday gala is planned for December 4. And new this year is a festive outing in Bayou Vista (near Galveston) to view and cheer their community Boat Parade. Be sure to check Lynn's calendar for all the upcoming events through the end of the year.

And now, ski trip preparation is fully underway. Final payments are either due now or due soon. Pre-trip parties are being scheduled, and the TCs are busy with the final planning for their trips. Another reminder - If your preferred trip is full, contact the TC and ask to be added to the wait

list. If someone does drop off, you will be ready to grab that place! And don't forget all the adventure trips after the ski season - those are filling up too. Reserve your place now!

To continue to offer the trips and activities that we all enjoy, we need members to volunteer for club leadership roles. As an officer, you will have the opportunity to guide the club's decisions regarding travel and activities. Or, if you can't commit to an officer role, we need your help on the nominating committee. This very important group seeks out club members to fill the leadership roles. Please, please, please - if you enjoy this club, help insure its future by volunteering for one of these important roles. We need your ideas and your energy!!

Stay safe and well,

Beverly

Countdown to Lift Off

Hello Fall and Hello Fellow SCSCers!

Houston may not have hard evidence of 4 seasons, but I feel a change in the air as we are entering into the second month of Fall. And I like it! It stirs up thoughts of travel. I can tell lots of club members feel the same way since many of our trips are full even after increasing the sizes a bit.

As you have heard before, we are encouraging people to get on a wait list as people almost always cancel off the trip from 90 days out until the week before. But since the 4 domestic ski trips and one trip to Austria apparently was not enough ski trips for the anxious travelers, I have another option for you. Mammoth CA is the TSC Final Showdown trip from March 5-12, 2022. SCSC decided not to run this trip since we had been there twice in recent years. But you can go with Austin Skiers or Dallas Ski Club. If you are interested get with me for more info.

On the adventure trip front, two trips have departed and returned with lots of happy participants. Happy to get out of town for a while and happy to have been to a great destination. Those trips were the Maya Riviera in Mexico and the Zion/Grand Canyon in Utah and Arizona. I am pleased that I was one of the people on the National Parks trip. It was great to travel and to see the awe-inspiring natural beauty of the west. The four adventure trips in 2022 have space available but are nearing their capacity. What a variety these adventure trips offer – another grand US National Park at Yosemite, a bike and barge excursion through the countryside and villages and cities between Bruges and Amsterdam, a trip to Moscow and St. Petersburg – the tale of two cities

in Imperial Russia, and finally a Greek Cruise in the beautiful blue Aegean Sea.

We are still waiting to confirm pricing for a land only trip for Russia and the Full and Land Package prices for Greece. We are on the cusp of getting actual airline pricing and will announce final numbers as soon as we get the information. As previously mentioned, Bruges to Amsterdam and Yosemite are land only trips so start watching fares soon so you can coordinate your travel with that of the TCs and your fellow travelers. Also, we are getting updates as far as international travel with respect to COVID restrictions. Check with your TC but know that the info changes regularly as updates occur. Luckily the trips are a ways out so we can wait and watch as the process gets streamlined and easier to work with. Many of you have already done international travel and I hear it is not that cumbersome if you are vaccinated. I expect things will get easier as we get into 2022.

So for now – “that’s the way it is”. See you at our regular gatherings where we can talk travel!

Check the Trip Schedule Table for updates. I am very pleased that we were able to significantly lower the prices for Park City and Breckenridge after SWA published their fares and we secured seats.

Marsha

Membership Desk

SCSC Members and Guests,

At the Oct 11 General Meeting the winners of the Membership Contest were announced: 1st-Place George Sargent, 2nd Place Anne Thomas, and 3rd Place Roger Holzman. 38 new members joined during July 1-Sept 30, and so many different members were mentioned was the reason they joined SCSC. Congratulations to the winners and all of you for asking your friends and family members to join the club.

It was wonderful to see everyone at the meeting, and several guests attended. Several pictures show the door prizes that were given at the Oct. 11 meeting. Invite friends to join us for Nov 8 meeting at Warehouse 72. We have a variety of door prizes to give out and a fun way to award extra tickets to try to win them.

Wanted: Door Prizes for General Meetings

Members have donated items, dinner coupon, bottle of wine, ski accessories, and more to give away at the meetings. A special thank you to new member, Darryl Larson, for donating a pink "Big Bird" yard art sculpture, who was awarded to Marsha Lutz. Door Prizes are always welcome! Keep SCSC in mind instead of dropping off items at a resale shop! Contact Ellen Eastham with your ideas. membership@spacecity.org. Bring items to the next General Meeting, or arrange to send by email or mail.

There is going to be a change to a new day for the general meetings to Sunday evenings for us to be able to stay at Warehouse 72. They have

provided us with a great place with plenty of space, great food and drinks, good service and lots of free parking and so far no charge but just to spend our minimum on purchases. They are open 6 days a week for lunch and dinner so it leaves them with only one day a week off and then we take one of those a month. So starting January our meeting will be on Sunday. I will let you know what time we decided on closer to January.

Our September 30 Happy Hour at Season's 52 had a smaller crowd than usual since the Zion trip was gone but we still had 22 people of which five were new members.

We were able to start playing Bingo again and at the October 14 Bingo, we had 14 people and had a lot of fun even though none of our group won any money. We will continue this on a quarterly schedule, so the next one will be in January.

The rest of October has not happened yet as I write this article but here is what is coming up. Dinner at Lomonte's on October 23 and Happy Hour at Rainbow Lodge.

November everything kind of moves up to give everyone plenty of time for their family for Thanksgiving.

The meeting is Monday November 8, the

Dinner is Saturday November 13 at Pappadeaux on Hwy 290, Karen's Bike Ride is Sunday November 14, Happy Hour is at Cowboy Surfer Bar on Thursday November 18 and Fab Five Music and Dance is Friday November 19.

Our annual Holiday Gala is Saturday December 4 at Post Oak Grill. It will be a sit down dinner like last year with piped in music from Cindy, Laurie and others play list like last year so we can get any kind of music or song we want easily. There are Appetizers early to eat while visiting and getting a drink. Please start signing up now, there will be 6 to 8 people per table depending how many we have sign up to attend.

I am thinking of doing a bus trip down to Galveston for Mardi Gras (taking us down there and bring us back the same day/night). Please let me know what you think about going and which date. Mardi Gras will happen on Friday and Saturday night on 2 weekends, February 18 & 19 and February 25 & 26.

If anyone has a suggestion of where would be fun to go, please let me know.

Please keep signing up for activities early and don't wait until the last minute. Several places, I have to let know days in advance of how many are coming.

Maya Riviera—Fun in the Sun!

The Resort

We left Houston on Sunday, September 5th bound for the Barcelo Maya Riviera! For many of us this was the first trip we ventured on since the outbreak of COVID so you can imagine our excitement at the thought of traveling with many of our friends. We were definitely not disappointed! The resort is located along one of the most spectacular beaches in the Mexican Caribbean. Our days were filled with views of white sandy beaches, a turquoise sea, and wonderful views of the idyllic surroundings. Our rooms were spacious looking out over the largest infinity pool in the Riviera Maya with a hydro massage tub on our balcony.

Beach/Poolside

After enjoying a leisurely breakfast buffet each morning, we enjoyed many activities that the resort had to offer. The beach was just a short walk where we could relax in lounge chairs and

enjoy the sea breeze. While wading in the beach water; however, we soon found out that you had to be careful and step around some hidden rocks submerged in the sand – we only had one mishap when **James Schneider** tried to wrestle with a rock and came away with a broken toe. He was a

good sport and didn't let it stop him from enjoying his trip.

Many of us made our way to the pool to enjoy soaking in the cool water or relaxing on a sun lounger in the middle of the pool all while sipping our favorite cocktail with a view of the sea. The pool was one of the nicest we've ever seen. This large infinity pool was completely glass tiled! There was NO PAINT! Even the water chases were tiled! It was just beautiful! Alongside of the pool were some neat lounging pods for two. **Ann Rogers** and "**Broken Toe**" **Schneider** could often be found pretending to read in these pods.

Games

For those a little more energetic, you could participate in water aerobics, yoga, dance lessons, and bingo. **Kurt Schidlowski** and his side-kick **Johanna Gonzalez** checked out yoga. **Silva Rangel** and **Joanne Moschella** dubbed the “Odd Couple” were particularly excited about the water aerobics but the cute instructor might have had something to do with that. We even brought Rummikub to play - I didn’t keep track, but **Ron “Rummikub” Rambin** was on his “A” game when it came to beating **Diane “Long Legs” Gresko**, **Roberta “Smilie” Rambin**, **Elise “Sweet n’ Low” Cross** and **Ro-Ro Roche**!

Dinners

During our stay, we enjoyed a wide array of flavors at the four specialty restaurants: Sapporo Nikkei Experience offering Japanese-Peruvian fusion cuisine; Dolce Vita with Italian specialties; La Comedie specializing in French cuisine; and Agave which is perfect for savoring Mexican cuisine and an authentic taqueria. Most everyone raved about the food. The most difficult part was choosing which restaurants to go to! We did all. No one came away disappointed or hungry with the five-star quality for food and service!

Maya Riviera

Entertainment

With the all-inclusive plan we had access to the rest of the hotels at the Barcelo Maya Grand Resort. You could experience the night-time entertainment with musical shows (**Craig Campbell** set the record for attending the most shows followed by **Mike** and **Shari Jones**), a bowling alley, 24-hour sports bar, three theaters, and a nightclub. The Music Bar located on the large patio area off the open air lobby of the resort was a good way to end the evening. We were entertained with Latin dancing and karaoke singers (some good, some not so good, some with alcohol and some without!). The views of the open air patio were awesome as the seating would change colors throughout the evening!

Excursions – Xcaret & Golf

A good time was had by all as we made a day trip to Xcaret Park. The natural park includes more than 40 different attractions showing the traditions and cultures of Mexico. We enjoyed walks through the tropical jungle trail and observed animals and exotic birds in the wild. The Coral Reef Aquarium transported us to the depths of the Caribbean Sea. But the highlight of the trip was the

swim in the underground river. The water was cold but refreshing once you got used to it. We all went the distance including **“Rummikub”** and **“Smilie” Rambin!** This is where **Craig Campbell** was given the honor of “Show King” as he stayed to the very end to see “Xcaret Mexico Espectacular”, a musical journey through the history of Mexico.

The Three Amigos – a.k.a. **Jeff Cross, Mike Jones** and **Tom Morales** enjoyed golfing at the Riviera Maya Golf Club. The word is the greens were fast and the golf carts even faster (a must in the heat). The days were definitely warm with high temperatures but the story is that the golf scores came in lower! Or was that their handicap they were talking about?

We had a little undercover group I'll call the Mod Squad. It included **Gary “Crash” Haley, Karen Dumas** and **Ron Paradoski**. I call them undercover as we didn't see them much. They were already friends from the dance community and so hung out together appearing occasionally for breakfast and dinners. All returned safe to the US and with no complaints so I can only assume that whatever they were up to they had fun.

All-in-all we had a great trip! Some of us got a little anxious when it came down to the last couple of days and the thought of “what if I test positive for COVID?” I got to say that was the most rapid COVID test ever – we got our results in less than five minutes. I am pretty sure they set new records for Rapid Testing!

A BIG “thanks” goes out to **Ann Rogers** and **Broken Toe Schneider** for hosting the post-trip party at their beautiful home. We enjoyed getting together, sitting poolside and embellishing the highlights of our trip. George treated us to smoked beef tenderloin and shrimp scampi. **Joanne Moschella** brought a hash brown potato casserole and **Joan Waddill** dubbed the “Queen of Salads” brought a huge salad fit for a King and his royal court! Others brought some goodies also.

In Loving Memory

In loving memory of **Debbie Moser** and **Marianne Pearce** who were on our previous beach trip to Punta Cana and we are sure would have been on this trip also. We all miss you and wished you could have been with us.

Group picture on the back deck of the North Rim Lodge just before a dinner in the dining room.

After waiting over two years since this trip was originally planned in the Fall of 2019, the rescheduled trip from September 2020 finally happened. 32 participants took a 900 mile round trip from Las Vegas to Zion National Park, to the North Rim Grand Canyon, around to the South rim Grand Canyon and then back to Las Vegas. Along the way they had an opportunity to see the beauty of both National Parks and some behind the scenes spots not normally found unless you know the secrets.

What did we see?

Two nights at Springdale, Zion National Park, hiking, and scenic views.

Scenic drive - Zion National Park

One night at the Grand Canyon North Rim Lodge with impressive views and an amazing thunderstorm.

Devastation of the fires on the Kaibab Plateau and the rebirth of the trees.

Scenic drive and short hikes at Point Imperial and Cape Royal on the North Rim.

Stop at Lee's crossing with rafts starting their 270 mile trip down the Colorado River.

Stop at Marble Canyon to look down 500 feet to the Colorado river below.

Scenic drive to the south rim Grand Canyon including many view stops.

One night at the Yavapai, Grand Canyon South Rim and views at Grand Canyon Village.

Hike down the South Kaibab Trail to OOH AAH Point.

Rt. 66 & Hoover Dam on the return to Las Vegas.

Extra time at Las Vegas for many of the group.

Some excitement at the Las Vegas Airport as we rounded up the group to get in the 4 vans. Some early people, most of the group on the Southwest Airlines plane, and Julie Davis-Raley, who arrived at the Las Vegas airport late on Friday night and spent the night in the airport to meet the group at the Southwest baggage claim about 11:30 on Saturday morning. The drivers caught a taxi to pick up the four vans. After the usual delay getting paperwork done, they returned about 12:30 PM to the airport to pick up the 28 passengers riding in the vans. Anne Thomas said, "let's get a head count." After counting twice, we only had 27. Who is missing? Finally, someone figured out it was Julie Davis-Raley. I left my van to go search including calling and texting. We eventually found her still back at baggage claim 2. The excitement was the several warnings by the police officer to "MOVE OUR FOUR VANS, NOW OR ELSE you are getting a ticket to the van with no driver." Craig Campbell moved from the navigator to driver to make a loop and we were finally off to Zion. Still waiting to see if a ticket shows up.

The majesty of the land was mesmerizing. Pioneers must have been awestruck having found God's dwelling...

Video of sunset and lightning storm at the north rim lodge, Lot of walking all over No poles Grotto to Zion Lodge, 9 to water's edge... 8 miles on Sunday ,8 miles on Tuesday, About 5 miles each other days. I am not addicted to hard hiking for the adrenal endorphin rush... Arlen's note: I would hate to follow an addicted hiker.

Julie Davis-Raley - I had my heart set on doing the Angels Landing. Made it through West Rim Trail with no problem. Walters Wiggles was a scenic delight. Scout lookout ...about 4 hours ... and the outhouse ...then the chain area...with 2 quarts of water still untouched, and 16 oz still in two soda bottles. Made it to the Lone tree area where if ya fall... there is no rope, chain or barrier. Every brain cell shouted," OH! HELL NO! " SO, I let the folks know to tell anyone needing water the 2 quarts was being donated, and I slid down on my butt cause that is the fastest way to make way for folks still trying to come uphill. Rode the bus back to La Quinta and a hot tub of mineral bath-water.

I sure enjoyed the North Rim Trail. Rita T and I arrived back at 5:29...just in time to get our dinner allowance. I had a wonderful meal while watching the lightening. A half portion of Venison meatloaf, mashed potatoes, garden vegetables, spinach salad with walnuts, and a large Dr Pepper. Absolutely that was the best meal of 2021. I tipped 6 dollars. Cause our waitress hurried our order in to ensure we got the last of the meatloaf which was almost gone. I gave it a five-star review on gmaps.

Rita T was my roommate. We enjoyed hearing about each other's adventures. I live 6 hours from IAH so chose to fly from my little Killeen airport only 38 miles away even though I always have to fly via Dallas on American. I came in midnight on Friday and left at 7 am Thursday after a fun night of people watching, leisurely looking through the flight museum, and dressing my gal on the app Pocket Styler. I was totally mesmerized by " The Window" view.

We had fog and the wind picked up while heading to the South Rim, and I got a terrible sinus headache which sidelined me Tuesday evening. I used a lot of the supplied bath lotion and shampoo and a full tub of hot water on the fat washcloths. And it worked. Felt sooo much better after about an hour and was totally fine when Rita arrived back from her big evening with the van 4 participants. I made sure to wash my masks in double detergent and threw away the plastic bag when I arrived home to make sure no covid got brought back home.

Part of the group that hiked up to the Emerald Pools, lower and upper.

Louella Steller - The Narrows was a unique hike for Louella Steller. It was like when someone tells you the double black ski run is the same as an easy green, so you agree to go but pray you make it out alive. I had difficulty due to an inner ear disorder which made me feel dizzy when I crossed the River with a strong current. I had to focus on rocks on the other side of river to keep my balance. Speaking of rocks, I want to thank the two strong strangers that pulled me over the large boulder on the path. Glad I did it and felt a great accomplishment when I finished.

We did the watchman trail at Zion also. About 2.5 hours which included the loop at the end. It was a good hike, but not very picturesque. We got up at 5 am to go out on the trail to Bright Angel Point on the North rim to see the sun rise to be safe. Arlen showed up and we walked to the point. Absolutely beautiful wide perspective at the end.

Here are the activities that my Fran and I did during our adventure:

Pre-day 1: Spent the night at the Aria in LV and did some gambling.

Day 1: Met up with the group at the LV airport and headed to Zion.

Day 2: With your group at Zion, stopped at The Three Patriarchs and hiked to the Upper Emerald Pool. Joined the group at The Narrows. We weren't the fastest but made it all the way to/from the Overton (?) Canyon without slipping and falling into the river.

Day 3: Admired many scenic spots at the North Rim including Point Imperial, the Grand Canyon Vista, Angel's Window and Cape Royal. Weather was wonderful and views of the Canyon were amazing.

Day 4: Marveled at the amazing bright colors of the new growth Aspens that was regrowth following the 2020 fire. Checked into our cute rustic lodge and braved the hike to the end of Bright Angel Point before our group picture.

Day 5: Made scenic stops at the South Rim of the Grand Canyon. Walked to the Desert View Watchtower and learned about the 1956 air crash tragedy that led to the formation of the FAA. In the early evening, hopped on 2 city buses to hike from Hopi Point to Mohave Point and watched the beautiful sunset.

Day 6: Walked across the pedestrian viewing bridge at Hoover Dam that was built in 2010. Played Pickleball at Bally's where we spent the night in LV. Later in the evening went downtown to the Freemont Experience and gambled.

Zion Canyon hiking to all 3 Emerald Pools

Brief hike into the Narrows (Chas and I did the Emerald Pools hike in the morning and did not get out of there until about 4pm - we got a little turned around and did parts of it twice!). Great sight-seeing from our van with our great trip guide!! Enjoyed our hike from South Kaibab Trailhead to Ooh Aah Point - even if we were bringing up the tail end of that hike

Overall trip was very well coordinated - don't know how you managed to keep your cool trying to herd 30+ participants for 5 days and keep everyone notified and on schedule. Kudos to all of our drivers who donated their time to haul us around.

And noticed that Arlen even found time on his rush from turning in vans to airport to show up at the SWA gate with a nice cold beer in hand! As for me, I can actually say I won in Vegas thanks to my \$129 win on the Wheel of Fortune Machine at our departing gate to cap off the trip.

Keith Kirkman - Charley and Beverly from the top of the Timber Creek Overlook trail at the top of Kolob Canyon and one of me at the parking lot at the top of the road overlooking the canyon:

Prior to joining the group at Springdale, Beverly and Charley Roberts and Keith Kirkman did the drive up the Kolob Canyon Road and hiked the Timber Creek Overlook Trail at the top of the road for a magnificent view of the canyon which is on the northwest end of Zion.

One of our favorite hikes was on the trip from Springdale to North Rim. Before getting to North Rim, we detoured to Point Imperial and then south to Roosevelt Point Overlook. The Roosevelt Point Overlook is listed on All Trails as a very short trail (another nearby tourist referred to as a "trailette"). We were hiking with Charley and Beverly Roberts on this "short" trail that went on for much further than advertised. A very fun hike on a not very well- developed trail with some splendid views. Oct 2 - Hiked to the Corona Arch and Bow Tie arch. Dinner cruise down the river that evening

Oct 3 - Found Newspaper Rock. Needles hike. Pothole hike

Oct 4 - Island in the sky. Mesa Arch. Grand view overlook. White rim overlook hike. Shafer overlook (overlooking narrow Shafer road). Dead Horse

Oct 5. Early start to Delicate Arch. This was the focus of the trip for Melinda. If you follow her on Facebook, you know she has recently completed chemo for breast cancer. She visualized the Delicate Arch as the conclusion of her treatment. It was quite an emotional moment for her, and for all of us. Then Broken Arch, Pine Tree arch. Tunnel Arch. Landscape arch. WHY CHOOSE THIS TRIP?

I had a dream that we came back from Park City and forgot to meet up for lunch or happy hour.
A) That is a nightmare!
B) Like that is going to happen!!!!

Park City Mountain Resort has way too much going on to be bored on or off the mountain. Additionally, we also have Texas Ski Council (TSC) parties on the calendar, too!! This resort is the largest ski resort in North America which means tons of runs and lots of blues. Park City, which now includes the Canyons, is comprised of 7300 acres. It has 348 Trails, 41 blues, 13 Bowls, 8 Terrain Parks. Over 115 of the trails are groomed nightly, which is no mean feat. Park City has been operated by Vail Resorts since 2013, and this has led to many improvements. Bringing in the Canyons has made the resort a blue run paradise. There are also plenty of greens and steeps to keep everyone else happy. The mountain has lots of dining options including the Lookout Cabin at the Canyons. Elegant, full service dining with amazing views of the Wasatch Mountains.

Why Choose This Trip

Breckenridge has something for everyone. Breckenridge is a Colorado town at the base of the Rocky Mountains’ Ten Mile Range located 120 miles from Denver airport. It's known for its ski resort, year-round alpine activities and Gold Rush history. The Victorian core of this former mining town is preserved as the Breckenridge National Historic District, running primarily along Main Street, with colorfully painted buildings from the 1880s and '90s housing shops, galleries and restaurants, bars and entertainment venues. Our Hotel offers free shuttle service for your shopping or getting to the restaurants or bars. With five peaks for skiers, every skiing ability can find runs while we get together for lunch or ski Apres for social.

Steamboat Springs is known as Ski Town USA for good reason. Steamboat is home to Colorado’s oldest operating ski area. Not only was it the first, but it is now a world-class resort that consistently ranks high among the most popular destinations requested year after year by members of the Space City Ski Club. It’s not just your friends that like it, Steamboat is the destination of choice that even the best skiers in the world agree on. See the amazing half dome. Our group won't be doing the 16-mile hike to the top, but you can choose to hike up toward Nevada and Vernal Falls which is the route to half dome. We will visit Glacier Point to show you a great view of the whole valley toward half dome.

On our visit to the Mariposa Grove of Giant Sequoias, you will see trees almost 300 feet tall and 30 feet in diameter.

You can choose to have lunch or a coffee in the magnificent Ahwahnee, a "Grand Hotel". Our rooms are not there because they are about \$600 per night.

Take this opportunity to visit Yosemite National Park, rated as the 2nd or 3rd best United States National parks in the group of Yellowstone, Yosemite, and Grand Canyon.

Trip Description

Day 1 – May 21, we fly to Oakland or Fresno on an early Saturday morning flight via Southwest Airlines flight; but you can choose your own airline with an early arrival to Oakland or Fresno. We will pick up our three passenger vans with about 7 people in each van. The drive to Yosemite is only about 176 miles from Oakland and 125 miles from Fresno, so we could arrive in time for an afternoon visit to the national park. Each day, we will enter the park either with our vans, or we can use the bus system for the 17-mile trip to the entrance of the park.

Day 2 – May 22 - Enter the park. Participants can tour the park by using the Yosemite shuttle system to sight see or hike.

Day 2 – May 23 – Visit the Mariposa Grove of Giant Sequoias - Located about an hour from the hotel in the southern portion of Yosemite, the Mariposa Grove of Giant Sequoias is the largest sequoia grove in Yosemite and is home to over 500 mature giant sequoias. This would be about a half day.

Return to the main Yosemite Park in the afternoon or take an afternoon drive to Tuolumne Meadows via route 120 over Tioga Pass. This drive will be subject to the pass being open in late May. Beautiful Scenery.

Day 2 – May 24 – Return to Yosemite National Park to explore at your convenience. You will again have the option of riding the vans into the park and returning by bus.

Day 5 – May 25 – Return to Airport. – There is a possibility we may fly into Fresno and return to Oakland, CA. to allow participants to do an extension into San Francisco or Napa Valley. Our trip back to Oakland, CA. or Fresno will get us back for our afternoon flights back to Houston or for possible extensions to San Francisco.
